Christliche Ethik bei Schleiermacher - Christian Ethics according to Schleiermacher Hermann Peiter, 2010-04-09 No one is so intimately acquainted with Schleiermacher's Christian Ethics material or with the 1821 1822 first edition of his companion volume Christian Faith than Hermann Peiter The present volume is a collection of Peiter's nineteen essays and thirty reviews Extensive English summaries are offered for all this material and an English version for four of the essays Professor Peiter's summary of this volume reads as follows This book treats of praxis in the Christian life and of Christian responsibility for the world we have in common The following however forms a background for these considerations Schleiermacher reminds his Christian brethren who often deck themselves out with alien borrowed plumes from morals and metaphysics of their actual theme that of religion which he also designates as a kind or mode of faith Like Luther he also turns against both the practical misconception that considers faith itself to be a good work and the theoretical misconception that faith is a product of thinking a theory Whether a practitioner thinks to give thanks for one's own work or whether a theoretician hopes to find final fulfillment and justification in one's range of metaphysical ideas

amounts to the same thing Faith is the courage to be Paul Tillich For Schleiermacher to want to have speculation thus metaphysics and praxis without religion is the nonsalutary intention of Prometheus who faintheartedly stole what he could have expected to possess in restful security If taken seriously the gods to use that pagan expression for once are that nature to which a human being belongs Each human being is their possession When one steals what the gods have one steals oneself can thank oneself for a robbery For a gift that is stolen one cannot possibly be thankful Only a pure gift awakens true joy A human being has the chance to receive the gift that one is or is not in case it is stolen not from a thief but from religion Thanks to one's birth both physical and spiritual one gains oneself and has oneself To steal means to take away to depreciate In contrast whoever has oneself from elsewhere is no longer extracted from oneself or from the one to whom one belongs

Mikhail Bakhtin Don Bialostosky,2016-01-01 Rhetoric appears to be a marginal topic for the Bakhtin School and for most Bakhtin scholars but many rhetorical critics theorists and teachers have nonetheless found the school's work compelling and challenging This book collects ten essays by Don Bialostosky focusing specifically on the ways that Bakhtin's work conceptualizes and elaborates the functions of rhetoric including dialogism the art of discourse poetics carnivalesque and much more *Cherubino's Leap* Richard Kramer,2016-11-21 For the Enlightenment mind from Moses Mendelssohn's focus on the moment of surprise at the heart of the work of art to Herder's imagining of the seismic moment at which language was discovered it is the flash of recognition that nails the essence of the work the blink of an eye in which one's world changes In Cherubino's Leap Richard Kramer unmasks such prismatic moments in iconic music from the Enlightenment from the chromatic moment the single tone that disturbs the thrust of a diatonic musical discourse and its deployment in seminal instrumental works by Emanuel Bach Haydn and Mozart on to the poetic moment taking the odes of Klopstock in their finely wrought prosody as a challenge to the problem of strophic song and finally to the grand stage of opera to the intense moment of recognition in Gluck's *Iphigénie en Tauride* and the exquisitely introverted phrase that complicates Cherubino's daring moment of escape in Mozart's Figaro Finally the tears of the disconsolate Konstanze in Mozart's *Die Entführung aus dem Serail* provoke a reflection on the tragic aspect of Mozart's operatic women Throughout other players from literature and the arts Diderot Goethe Lessing among them enrich the landscape of this bold journey through the Enlightenment imagination
