Children with a Star Deborah Dwork,1991-01-01 The book is based on hundreds of oral histories conducted in Europe and North America with survivors who were children in the Holocaust primary documentation uncovered by the author including diaries letters photographs and family albums and archival records Drawing on these sources Dwork reveals the feeling daily activities and perceptions of Jewish children who lived and died in the shadow of Holocaust She reconstructs and analyzes the many different experiences the children faced In the early years of Nazi domination they lived at home increasingly oppressed by rising anti-Semitism Later some went into hiding while others attempted to live openly on gentile papers As time passed more and more were forced into transit camps ghettos and death and slave labour camps Although nearly 90 percent of the Jewish children in Nazi Europe were murdered we learn in this history not of their deaths but of the circumstances of their lives **Stalin's Unwanted Child** Wilfried Loth,2016-07-27 How did Germany come to be divided during the Cold War The renowned German historian Wilfried Loth has examined the archives of the Eastern side and comes to fascinating conclusions He demonstrates that Stalin wanted neither a separate state on the soil of the Soviet Occupation Zone nor a socialist state in Germany at all Instead Stalin sought a joint administration of Germany by the victorious powers a Germany along the lines of the Weimar Republic The socialist separate state of the GDR is primarily the product of Walter Ulbricht s revolutionary zeal which was able to unfold in the context of the Western walling off policy Melanie Klein Deborah P. Britzman,2015-11-07 This volume introduces the psychoanalyst Melanie Klein to the general field of education and traces her theories of mental life as an emotional situation through to problems of self other relations in our own time The case is made for Klein s relevance and the difficulties her theories pose to the activities of learning and pedagogical relation Klein s vocabulary the paranoid schizoid and depressive positions phantasy object relations projective identification

anxiety envy and the urge for reparation and gratitude are discussed in terms of their evolution and the designs of her main questions all stemming from the problem of inhibition Her contribution to an understanding of symbolization and the shift from concrete thinking to greater freedom of mind is analyzed The essay develops the following questions why is learning an emotional situation How did Klein s life and larger history influence her views What are her central theories of mental life Why did Klein focus on anxiety and phantasies as making up the life of the mind What is object relations theory And what does Klein s model of the self proffer to contemporary education in schools and in universities *The Student* ,1889

Children Writing the Holocaust S. Vice,2004-06-29 This book examines a wide range of works written by and about child survivors and victims of the Holocaust The writers analyzed range from Anne Frank and Saul Friedlander to Ida Fink and Louis Begley topics covered include the Kindertransport experience exile to Siberia living in hiding Jewish children masquerading as Christian and ghetto diaries Throughout the argument is made that these texts use such similar techniques and structures that children s eye views of the Holocaust constitute a discrete literary genre *The London Lancet* ,1851

The Century Dictionary and Cyclopedia William Dwight Whitney,Benjamin Eli Smith,1902 *A Text-book of Botany and Pharmacognosy* Henry Kraemer,1907 **Bibliography of Natural History Travel Narratives** Anne S.

Troelstra,2017-06-01 Anne Troelstra s fine bibliography is an outstanding and ground breaking work He has provided the academic world with a long needed bibliographical record of human endeavour in the field of the natural sciences The travel narratives listed here encompass all aspects of the natural world in every part of the globe but are especially concerned with its fauna flora and fossil remains Such eyewitness accounts have always fascinated their readers but they were never written solely for entertainment fragmentary though they often are these narratives of travel and exploration are of immense importance for our scientific understanding of life on earth providing us with a window on an ever changing and often vanishing natural world Without such records of the past we could not track document or understand the significance of changes that are so important for the study of zoogeography With this book Troelstra gives us a superb overview of natural history travel narratives The well over four thousand detailed entries ranging over four centuries and all major western European languages are drawn from a wide range of sources and include both printed books and periodical contributions While no subject bibliography by a single author can attain absolute completeness Troelstra s work is comprehensive to a truly remarkable degree The entries are arranged alphabetically by author and chronologically by the year of first publication under the author s name A brief biography with the scope and range of their work is given for each author every title is set in context the contents including illustrations are described and all known editions and translations are cited In addition there is a geographical index that cross refers between authors and the regions visited and a full list of the bibliographical and biographical sources used in compiling the bibliography *The Pragmatics of Literary Testimony* Chantelle

Warner,2012-11-27 In this book Warner examines a number of German language literary autobiographies that are connected

to diverse social movements of the last forty years These books have all received critical attention from the popular press topped bestseller lists and have been pivotal in discussions of authenticity subjectivity and referentiality Because of the thematic diversity of these works scholars within literary and cultural studies have tended to treat them separately under topical categories such as women's literature the post war generation migration and multiculturalism etc Underlying Warner's analysis is the belief that the social construction of autobiographical acts is as much a matter of textuality as it is of topicality i e how language means rather than what it means and that a pragmatic stylistic approach is well suited to describing how literary autobiographies come to function as testimonies to certain collective experiences By presenting a model for an integrative stylistics approach *The Pragmatics of Literary Testimony* participates in current discussions within fields of literary linguistic scholarship as well as autobiographical theory In its analysis of key examples of German social testimonies from the late twentieth century this book incorporates insights from discourse analysis pragmatics cognitive poetics and sociolinguistics in order to demonstrate that this diverse body of works constitutes a particular form of textual practice defined by what the author calls authenticity effects feelings of realism immediacy exemplarity genuineness and social relevance Such a study of authenticity as a poetic effect can help us to better understand the testimonial glamour owned by various types of autobiographical narration

Children's Dreams C. G. Jung, 2012-01-12 In the 1930s C G Jung embarked upon a bold investigation into childhood dreams as remembered by adults to better understand their significance to the lives of the dreamers Jung presented his findings in a four year seminar series at the Swiss Federal Institute of Technology in Zurich *Children's Dreams* marks their first publication in English and fills a critical gap in Jung's collected works Here we witness Jung the clinician more vividly than ever before and he is witty impatient sometimes authoritarian always wise and intellectually daring but also a teacher who though brilliant could be vulnerable uncertain and humbled by life's great mysteries These seminars represent the most penetrating account of Jung's insights into children's dreams and the psychology of childhood At the same time they offer the best example of group supervision by Jung presenting his most detailed and thorough exposition of Jungian dream analysis and providing a picture of how he taught others to interpret dreams Presented here in an inspired English translation commissioned by the Philemon Foundation these seminars reveal Jung as an impassioned educator in dialogue with his students and developing the practice of analytical psychology An invaluable document of perhaps the most important psychologist of the twentieth century at work this splendid volume is the fullest representation of Jung's views on the interpretation of children's dreams and signals a new wave in the publication of Jung's collected works as well as a renaissance in contemporary Jung studies

Discovering Child Art Jonathan David Fineberg, Jonathan Fineberg, 2001-01-23 This book brings together thirteen distinguished critics and scholars to explore children's art and its profound but rarely documented influence on the evolution of modern art It shows that children's art and childhood have inspired major works of art served as central metaphors for artistic spontaneity and honesty and

provided a window into the fundamental human qualities explored by modern artists The volume complements editor Jonathan Fineberg's groundbreaking new book *The Innocent Eye* Princeton 1997 in which he showed how many of the greatest masters of modern art collected and were directly influenced by children's drawings Contributors here both expand on Fineberg's themes and take the study of children's art in new directions They examine for example the influence of child art on such artists as Kandinsky Klee Larionov and Mir the diverse styles of children's art the influence of Romantic ideas on perceptions of children's art the conception of giftedness versus education in children's drawings and the relationship between children's art and primitivism The book offers unique glimpses into the working processes of great modern artists presenting for example Dora Vallier's personal recollections of Mir and his creative process and new documentation about the works of the Russian avant garde The essays draw on art theory psychology and the close study of individual works of art and written texts *Discovering Child Art* will appeal to a wide range of readers including art historians psychologists and art educators Contributors to the book are Troels Andersen Rudolf Arnheim John Carlin Marcel Franciscono Ernst Gombrich Christopher Green Josef Helfenstein Werner Hofmann Yuri Molok G G Pospelov Richard Shiff Dora Vallier and Barbara W rwag

[Sparing the Child](#) Hamida Bosmajian, 2013-09-13 Bosmajian explores children's texts that have either a Holocaust survivor or a former member of the Hitler Youth as a protagonist
