The Last Man:

The Last Man Mary Wollstonecraft Shelley, 1998-07-16 The Last Man is Mary Shelley's apocalyptic fantasy of the end of human civilisation. Set in the late twenty-first century, the novel unfolds a sombre and pessimistic vision of mankind confronting inevitable destruction. Interwoven with her futuristic theme, Mary Shelley incorporates idealised portraits of Shelley and Byron yet rejects Romanticism and its faith in art and nature.

The Last Man Mary Wollstonecraft Shelley, 2009-01 Mary Wollstonecraft Shelley nee Godwin 1797-1851 was an English romantic gothic novelist. She received an excellent education which was unusual for girls at the time. She never went to school but she was taught to read and write by Louisa Jones and then educated in a broad range of subjects by her father who gave her free access to his extensive library. In particular, she was encouraged to write stories and one of these early works, *Mounseer Nongtongpaw*, was published by the Godwin Company's Juvenile Library when she was only eleven. One night, perhaps attributable to Galvani's report, Mary had a waking dream she recounted the episode in this way: "What terrified me will terrify others and I need only describe the spectre which had haunted my midnight pillow." This nightmare served as the basis for the novel that she entitled *Frankenstein or The Modern Prometheus* 1818. Amongst her other works are *The Last Man*, *Proserpine*, *Midas*, and *Notes to the Complete Poetical Works of Percy Bysshe Shelley*.

The Last Man Mary Wollstonecraft Shelley, Hugh J. Luke, Jr., Anne K. Mellor, 1993-11-01 The Last Man ends in 2100, the last year of the world. A devastating plague has wiped out humanity except for one man. This novel of horror, originally published in 1826, was rejected in its time and out of print from 1833 to 1963 when the first Bison Books edition appeared. Some critics now rate *The Last Man* more highly than *Frankenstein* by the same author. This Bison Books edition offers a new introduction by Anne K. Mellor who writes: "In our era of AIDS and biological warfare, Shelley's apocalyptic vision of an incurable plague that gradually destroys the entire human species resonates with mythic power."

Impossibility Fiction Derek Littlewood, Peter Stockwell, 1996 Impossibility fiction is an intergenre that has recently been the resort of many writers searching for new ways of understanding and expressing the real world of the imagination making use of fantasy alternative history and science fiction Coping with ideas that are both impossible and realistically constructed is the ultimate contemporary challenge of our technology The chapters of this book move towards establishing appropriate readings that allow contemporary readers to negotiate unreality a skill that the end of the millennium is making inevitably necessary Such strategies have long been the preserve of literary and cultural study and here a number of well regarded scholars and some new to the field make their contribution to an area that has become increasingly important in recent years

From Mary Shelley to Philip K Dick Iain M Banks to J G Ballard taking in African American science fiction Jurassic Park and Kurt Vonnegut and exploring issues of alternative history and ideology feminism the holocaust characterisation and impossible geography this collection is an important source book for all those interested in the literature culture and philosophy of realistic impossible worlds

The Last Man Mary Shelley,2021-03-02 The Last Man 1826 is a dystopian novel by Mary Shelley Dedicated to the recently deceased Percy Bysshe Shelley and Lord Byron The Last Man was controversial upon publication and was immediately suppressed by British authorities Resurrected by dedicated critics and readers the novel is now recognized as a pioneering work of science fiction and as the first work of dystopian literature to be published in English The ambitious and semi autobiographical work is set toward the end of the 21st century and follows a group of radical friends whose experiences during a period of political upheaval test the limits of their love and push them to the brink of survival After the abdication of the British monarchy the former prince Adrian befriends Lionel a fiercely independent and philosophical advocate of republicanism When Lionel returns from two years abroad in Vienna where he was conducting political business he finds that Adrian has disappeared following a conflict with Lord Raymond who falls in love with the Greek princess Evadne while scheming to be named England s new king They eventually resolve their enmity however and Raymond travels to Greece with Adrian to fight in a quickly expanding conflict with the Ottomans As the war rages on a plague breaks out and spreads without warning across Europe and overseas to the Americas As the continent is ravaged by conflict and disease Lionel and his group of friends struggle to keep one another alive in a world growing more hostile and less habitable by the day With a beautifully designed cover and professionally typeset manuscript this edition of Mary Shelley s The Last Man is a classic of English literature reimagined for modern readers

who were accustomed to seeing atopic regions as otherworldly marvels in fantastical tales Spaces that an empire could not colonize were spaces that literature might claim as literary representations of atopias came to reflect their authors attitudes toward the growth of the British Empire as well as the part they saw literature playing in that expansion Siobhan Carroll interrogates the role these blank spaces played in the construction of British identity during an era of unsettling global circulations Examining the poetry of Samuel T Coleridge and George Gordon Byron and the prose of Sophia Lee Mary Shelley and Charles Dickens as well as newspaper accounts and voyage narratives she traces the ways Romantic and Victorian writers reconceptualized atopias as threatening or at times vulnerable These textual explorations of the earth s highest reaches and secret depths shed light on persistent facets of the British global and environmental imagination that linger in the twenty first century
