Miller,2015-05-07 Comics and sequential art are increasingly in use in college classrooms Multimodal multimedia and often collaborative the graphic narrative format has entered all kinds of subject areas and its potential as a teaching tool is still being realized This collection of new essays presents best practices for using comics in various educational settings beginning with the basics Contributors explain the need for teachers to embrace graphic novels Multimodal composition is demonstrated by the use of comics Strategies are offered for teachers who have struggled with weak visual literacy skills among students Student generated comics are discussed with several examples The teaching of postmodern theories and practices through comics is covered An appendix features assignment sheets so teachers can jump right in with proven exercises **Comfort** ,1921 *Africatown* Nick Tabor,2023-02-21 An evocative and epic story Nick Tabor s Africatown charts the fraught history of America from those who were brought here as slaves but nevertheless established a home for themselves and their descendants a community which often thrived despite persistent racism and environmental pollution In 1860 a ship called the Clotilda was smuggled through the Alabama Gulf Coast carrying the last group of enslaved people ever brought to the U S from West Africa Five years later the shipmates were emancipated but they had no way of getting back home Instead they created their own community outside the city of Mobile where they spoke Yoruba and appointed their own leaders a story chronicled in Zora Neale Hurston s Barracoon That community Africatown has endured to the present day and many of the community residents are the shipmates direct descendants After many decades of neglect and a Jim Crow legal system that targeted the area for industrialization the community is struggling to survive Many community members believe the pollution from the heavy industry surrounding their homes has caused a cancer epidemic among residents and companies are eyeing even more land for development At the same time after the

discovery of the remains of the Clotilda in the riverbed nearby a renewed effort is underway to create a living memorial to the community and the lives of the slaves who founded it [Red Sky Morning](#) Joe Pappalardo,2022-06-28 The explosive and bloody true history of Texas Rangers Company F made up of hard men who risked their lives to bring justice to a lawless frontier Between 1886 and 1888 Sergeant James Brooks of Texas Ranger Company F was engaged in three fatal gunfights endured disfiguring bullet wounds engaged in countless manhunts was convicted of second degree murder and rattled Washington D C with a request for a pardon from the US president His story anchors the tale of Joe Pappalardo s Red Sky Morning an epic saga of lawmen and criminals set in Texas during the waning years of the Old West Alongside Brooks were the Rangers of Company F who ranged from a pious teetotaler to a cowboy fleeing retribution for killing a man They were all led by Captain William Scott who cut his teeth as a freelance undercover informant but was facing the end of his Ranger career Company F hunted criminals across Texas and beyond killing them as needed and were confident they could bring anyone to Ranger justice But Brooks men met their match in the Conner family East Texas master hunters and jailbreakers who were wanted for their part in a bloody family feud The full story of Company F s showdown with the Conner family is finally being told with long dead voices heard for the first time This truly hidden history paints the grim picture of neighbors and relatives becoming snitches and bounty hunters and a company of Texas Rangers who waded into the conflict only to find themselves in over their heads and in the fight of their lives **Comics and the U.S. South** Brannon Costello,Qiana J. Orr, Campbell, Mitchell, and Shirley Families in Ireland, America and More Elaine L. Orr, 2020-09-09 The third edition of the history of the Orr Campbell Mitchell and Shirley families which in its title now recognizes that Paul Orr and Isabella Boyd s descendants went to places beyond the U S is updated as of 2020 The more than 4 000 known descendants counting spouses of Paul Orr and Isabella Boyd went largely to the U S but also to Canada Australia New Zealand England and Scotland Some McMurtry Mitchell McQuigg and Forsythe families stayed in Ireland In the U S they have lived in died in or been married in 49 of the 50 states Vermont must be too far north They do tend to cluster though with Oklahoma being the state that drew a bunch from the Midwestern families That makes sense since it was opened for land sales at a time when the Orr family was on the move Of course California beckoned to some in each family As they settled in the Orrs married into families of all the other immigrants and of the Native American residents who were there long before Europeans They have also married into families of other races Truly melding into the melting pot
