The Lifted Veil Annotated English Edition:

The Lifted Veil George Eliot, 2018-09-21 Reproduction of the original *The Lifted Veil* by George Eliot The Lifted Veil George Eliot, 2021-05-03 George Eliot's novella *The Lifted Veil* was first published in 1859. Eliot had written *The Lifted Veil* between the publication of her first novel *Adam Bede* and that of her second novel *The Mill on the Floss*. Eliot's publisher was hesitant to publish the story because it was nothing like *Adam Bede* for which she had gained critical acclaim. He was concerned that this tale of horror would be bad for her literary reputation but reluctantly published it in a literary journal albeit anonymously. *The Lifted Veil* concerns themes of fate, extrasensory perception, the mystery of life and life after death. Eliot's interest in these themes stemmed partly from her own struggles with religious faith as she was an extremely devout Christian as a child and young adult who later renounced Christianity completely. She also felt that she herself like Latimer, the main character in *The Lifted Veil*, had extrasensory powers of perception which she referred to as double consciousness.

The Lifted Veil (Annotated Student and Teacher Edition) George Eliot, 2017-07-21 *The Lifted Veil* is a novella by George Eliot first published in 1859. Quite unlike the realistic fiction for which Eliot is best known, *The Lifted Veil* explores themes of extrasensory perception, the essence of physical life, possible life after death, and the power of fate. The novella is a significant part of the Victorian tradition of horror fiction which includes such other examples as Robert Louis Stevenson's *The Strange Case of Dr Jekyll and Mr Hyde* (1886) and Bram Stoker's *Dracula* (1897). Great Value! This product contains both the original text AND a 30-page collection of annotations, information, and resources. Whether you are reading for fun or seeking a new level of understanding, you will benefit immensely from this Special Annotated Student and Teacher Edition. Added to this special edition of a classic book is a special section which contains activities for understanding as well as guided questions for major aspects of the book. This resource is ideal for a quick read to prepare you for an exam or finish a homework assignment. This resource contains information specifically aimed at assisting readers in understanding the classic text, preparing students for examinations, or providing lesson plans for teachers. This book is ideal for readers in high school, college, or those individuals who are seeking an easier understanding of a classic text. **The Lifted Veil Annotated**

George Eliot, 2020-09-05 *The Lifted Veil* is a novella by George Eliot first published in 1859. Quite unlike the realistic fiction for which Eliot is best known, *The Lifted Veil* features an unreliable narrator, Latimer, who believes that he is cursed with an otherworldly ability to see into the future and the thoughts of other people. His unwanted gift seems to stem from a severe childhood illness he suffered while attending school in Geneva. A few words of dialogue appear to him exactly as expected. Latimer is revolted by much of what he discerns about others' motivations. After his brother's death, Latimer marries Bertha, but the marriage disintegrates as he recognizes Bertha's manipulative and untrustworthy nature. Latimer's friend, scientist Charles Meunier, dies, and Bertha flees. Latimer soon dies as he had himself foretold at the start of the narrative. *The Lifted Veil* George Eliot, 2001 Latimer, the narrator of *The Lifted Veil*, possesses an uncanny ability to see into the minds of others and to divine the future, including the

moment of his own death The gift of being able to read the private thoughts and emotions of his fellow men soon becomes a curse to Latimer for he is horrified by what he discovers Afflicted by his burden of knowledge he is driven to marry the cold hearted coquette Bertha the only person whose mind seems closed to him until it is too late This volume also includes George Eliot's only other short fictional work the satirical fable Brother Jacob in which the mercenary schemes of a devious confectioner are unconsciously thwarted by the childlike innocence of his idiot brother

The Lifted Veil Annotated Book With Teacher Edition George Eliot, 2020-08-31 A first person narrator named Latimer announces that his end is fast approaching and so he will use what time he has left to tell the strange story of my experience So what the reader is perusing becomes essentially is the final testament of a dying man It is what makes this final testament compelling enough to read on which the novel lives or dies The central question becomes what was so strange about Latimer's life that it is worth using any of my hours to read Cue the squiggly lines which indicates a flashback in cinematic form And if this were a modern day movie the flashback would indicate that this is going to be the origin story of a superhero since the movement backward in time takes the reader all the way back to when a nineteen year old Latimer realized that he had a superpower It is not such an origin story of course and it is not referred to as a superpower It is however termed by the narrator as superadded consciousness The powerful addition to normal everyday consciousness is the power to see future events taking place before they actually occur The initial presentation of this ability occurs when he has a vision of being introduced to Bertha Grant his older brother's bride to be A very short time later the vision plays out in reality just as it had inside his vision Except that in his vision he didn't faint That the first occurrence of this power which has apparently lain dormant for nearly two decades before manifesting is engendered by seeing a woman in his vision that he has never seen before it doesn't take a genius to figure out that Latimer's strange story is going to focus at least a little on his own affection for his brother's fianc And in fact Latimer becomes infatuated and fixated on Bertha to the point that today he might even be suspected of being a stalker Bertha doesn't think so however She is actually quite entertained and pleased by the romantic attentions of two brothers Even so she projects an attitude of indifference And then Latimer has another vision This time he is not seeing mere minutes into the future but many years And Bertha is projecting something far different than indifference With a vicious malevolence in her voice she suggests quite strongly that it would better for everyone if he would be so kind as to go somewhere and kill himself Tough words to be sure but there's a kicker in this future Bertha is not his brother's wife but his own

[The Ultimate Bible Dictionary \(Annotated Edition\)](#) Matthew George Easton, 2012 The Ultimate Bible Dictionary is based on The Illustrated Bible Dictionary by Matthew George Easton M A D D 1823 1894 which was originally published in 1897 It contains nearly 4 000 entries relating to the Bible from a 19th century Christian viewpoint The Ultimate Bible Dictionary does not only provide all of these dictionary entries and consequently an encyclopedia and who was who of the Bible We also offer a very extensive table of contents that makes every single entry available at a click We are not providing a basic TOC with first letter

browsing only this is structured down to the very entry Also this edition provides a detailed annotation regarding the history of the Bible with almost 6000 words This annotation shows not only the beginning of the scriptures but also the changes they took through the centuries If you want ease of use a plethora of knowledge and a good price this is your edition of the Bible Dictionary **George Eliot's 'The Lifted Veil'** Franco Marucci,2022-01-31 The negative historical judgment given to George Eliot's *The Lifted Veil* amounts nowadays to a gross critical blunder and in the last three decades the story has been firmly reinstated in Eliot's major canon The premise of the present book is that George Eliot's oeuvre is a compact macrotext where themes motifs patterns and cultural and personal archetypes recur with variations and that *The Lifted Veil* functions as the linchpin of this oeuvre A sequential approach to the story is authorized by the use of a mimetic enunciation that simulates a gradual definition of events places and characters as they have appeared to the narrating I in the course of time until the moment of the enunciation Contextualizing *The Lifted Veil* means placing it within Eliot's oeuvre and against the background of Victorian mid century fiction in a further meaning seeing it as intersecting various contemporary genres and subgenres such as that of the European and American literature of the veil that of the archetypal icon of the femme fatale that of Wilkie Collins's dead secret novels The most significant facet that critical literature on *The Lifted Veil* has tended to overlook is however the encrypting of the experience of a failed religious conversion and the foreshadowing of the search for a spiritual and racial identity of Daniel Deronda the hero of Eliot's final novel **The American and English Annotated Cases** ,1915 **Annotated Cases, American and English** ,1915
