Fish Petr Aleshkovskii,2010 [Yankees in Petrograd, Bolsheviks in New York](#) Milla Fedorova,2013-03-15 [Yankees in Petrograd Bolsheviks in New York](#) examines the myth of America as the Other World at the moment of transition from the Russian to the Soviet version The material on which Milla Fedorova bases her study comprises a curious phenomenon of the waning nineteenth and early twentieth centuries pilgrimages to America by prominent Russian writers who then created travelogues The writers missions usually consisted of two parts the physical journey which most of the writers considered as ideologically significant and the literary fruit of the pilgrimages Until now the American travelogue has not been recognized and studied as a particular kind of narration with its own canons Arguing that the primary cultural model for Russian writers journey to America is Dante s descent into Hell Federova ultimately reveals how America is represented as the country of dead souls where objects and machines have exchanged places with people where relations between the living and the dead are inverted

Russian Life ,2011 [The Cold War and Entertainment Television](#) Lori Maguire,2016-08-17 An essential dimension of the Cold War took place in the realm of ideas and culture While much work exists on cinema relatively little research has been conducted on this subject in relation to

television despite the latter being a technology and popular cultural form that emerged during this period This book rectifies that absence by examining the impact of the Cold War on entertainment television and underlines the comparative aspect by studying programs from both blocs without forgetting of course the outsize impact of American television Although most of the focus is on the two main protagonists the US and the USSR chapters also consider programming from the UK Czechoslovakia Romania and both East and West Germany This book represents a contribution to the debate about the cultural Cold War through a rigorously comparative analysis of the two blocs For this reason the approach used is thematic The study begins by considering the subject of censorship and then goes on to look at the very particular case of the two Germanys A series of comparative genre studies follow including police and war variety shows and documentaries and docudramas Perhaps surprisingly the similarities are often greater than the differences between television in the two blocs

Soviet Adventures in the Land of the Capitalists Lisa A. Kirschenbaum, 2024-02-22 In 1935 two Soviet satirists Ilia Ilf and Evgeny Petrov undertook a 10 000 mile American road trip from New York to Hollywood and back accompanied only by their guide and chauffeur a gregarious Russian Jewish immigrant and his American born Russian speaking wife They immortalized their journey in a popular travelogue that condemned American inequality and racism even as it marvelled at American modernity and efficiency Lisa Kirschenbaum reconstructs the epic journey of the two Soviet funnymen and their encounters with a vast cast of characters ranging from famous authors artists poets and filmmakers to unemployed hitchhikers and revolutionaries Using the authors notes US and Russian archives and even FBI files she reveals the role of ordinary individuals in shaping foreign relations as Ilf Petrov and the immigrants communists and fellow travelers who served as their hosts guides and translators became creative actors in cultural exchange between the two countries
