

The background of the cover features two young men. On the left, a boy with short, light brown hair and a serious expression looks directly at the camera. He is wearing a dark jacket over a collared shirt. On the right, another boy with longer, dark brown hair is shown from the chest up, looking slightly away from the camera. He is wearing a dark, patterned sweater. The overall tone is somber and moody, with a soft, out-of-focus background.

Göran Rosenberg

The Losers English Edition:

Another Zionism, Another Judaism Göran Rosenberg, 2025-02-04 A timely deeply personal biography of a Jewish leader whose questions for Israel have come back to haunt us with a vengeance Born in what is now Lviv Ukraine in 1869 Marcus Ehrenpreis was the secretary of Theodor Herzl at the First Zionist Congress in Basel in 1897 a grand rabbi of Bulgaria during two Balkan wars a diplomat in defense of Europe's minorities a Swedish author compared to Joseph Conrad the chief rabbi of one of Europe's few unscathed Jewish communities through the Nazi era More than a biography of a man's life and work this book is a literary journey by award winning Swedish Jewish writer and public intellectual Göran Rosenberg A Brief Stop on the Road from Auschwitz in search of that European Jewish world of meaning and hope that Ehrenpreis so clearly embodied so vividly articulated and so relentlessly worked to explain defend and salvage from his pulpit in Stockholm His lifelong dream was to build a bridge between Israel and the peoples and he believed that he could do so by bringing a spiritually and culturally revitalized Judaism into a new and self asserted contact with the non Jewish world His Zionism was not about making Jews a nation like all others in a nation state like all others but creating a spiritual and cultural center for the renaissance of Jewish life amidst the nations Even as Jewish life in Europe was all but annihilated he feared what Jewish nationalism might do to the spiritual heritage of Judaism A meticulously researched and beautifully written story of boundless hope unrequited love and annihilated possibilities Another Zionism Another Judaism evokes a diasporic Jewish existence that would be harshly judged in the aftermath of the Holocaust and the creation of the State of Israel It also reminds us of a Zionism that strived for something other than an ethnic national fortress on a narrow strip of land in the Middle East

Invoking Humanity Danilo Zolo, 2002-08-01 Powerful passionate and highly topical critique of humanitarian intervention International political theorist with eight top selling books Whoever invokes humanity wants to cheat In this first time translation in English Danilo Zolo considers Carl Schmitt's maxim in the context of the humanitarian war waged against the Federal Republic of Yugoslavia in the Spring of 1999 by 19 NATO countries This erudite and disturbing book is a political legal and philosophical reflection on an extraordinary display of Western Power and its present and future impact on the global system of international relations Zolo's account of the war is located within the context of the irresistible drive of globalization which he argues brings economic financial and military ecological and ethnic religious turbulence in its wake Not only the future of the Balkan region he suggests is at stake here but the fate of international law the future role of the United Nations and the political destiny of Europe

Translation/Transformation Dana Birksted-Breen, 2021-03-08 Translation is at the heart of psychoanalysis from unconscious to conscious experience to verbal expression internal to enacted dream thought to dream image language to interpretation unrepresented to represented and transference of past to present The book's first part discusses the question of translation literal and metaphoric Both linguistic and cultural translations are closely tied to specific and significant personalities who were involved in the early history of psychoanalysis

and thus in the development of the IJP There was a close relationship between the IJP and the visual arts via the Bloomsbury Group The link between the visual arts and the IJP is indeed to be found in its logo which is taken from a painting by Ingres The second part of the book approaches transformations between psychoanalysis and the arts from conscious unconscious and non represented elements into non verbal modes specifically visual poetic and musical it also looks at the developments and transformations in psychoanalytic ideas about artistic expression as expressed within the pages of the IJP This book will be of great interest to psychoanalysts and psychotherapists and to those interested in the history of psychoanalysis and the IJP

The German Right, 1860-1920 James Retallack, 2006-12-15 Before the rise of Hitler and the Nazis Germany was undergoing convulsive socioeconomic and political change With unification as a nation state under Bismarck in 1871 Germany experienced the advent of mass politics based on the principle of one man one vote The dynamic diverse political culture that emerged challenged the adaptability of the interlocking directorate of the Right To serve as a bulwark of the authoritarian state the Right needed to exploit traditional sources of power while mobilizing new political recruits but until Emperor Wilhelm II's abdication in 1918 these aims could not easily be reconciled In *The German Right 1860 1920* James Retallack examines how the authoritarian imagination inspired the Right and how political pragmatism constrained it He explores the Right's regional and ideological diversity and refuses to privilege the 1890s as the tipping point when the traditional politics of notables gave way to mass politics Retallack also challenges the assumption that if Imperial Germany was modern it could not also have been authoritarian Written with clear persuasive prose this wide ranging analysis draws together threads of reasoning from German and Anglo American scholars over the past 30 years and points the way for future research into unexplored areas
