Continental philosophical interpretations of Van Gogh into dialogue with one another to explore how for Van Gogh art places human beings in their world and yet in other ways displaces them not allowing them to belong to that world **Van Gogh in Auvers** Wouter van der Veen, 2010-10-26 In the last seventy days of his life Vincent van Gogh experienced an unprecedented burst of creativity He painted at least one canvas per day often more and wrote dozens of eloquent personal letters to family fellow artists and friends For the first time this volume gathers all that he produced during these last few months and presents it in a day by day chronology that reveals his intense focus on the continuing development of his signature artistic method as well as his innermost thoughts and concerns Persuaded by his doting brother Theo to move to the artistic enclave of Auvers sur Oise in 1890 for a change of scenery and a chance at a life free from temptation and with the intent of concentrating solely on painting and restoring his full mental health van Gogh arrived in May just as the town and its nearby bucolic elds were bursting into full springtime glory providing him ample material for inspiration Stunning reproductions of his last paintings display his daily explorations of this charming hamlet s streets and buildings including its now iconic church and thatched cottages its inhabitants including his friend and mentor Doctor Gachet immortalized on canvas and the wide open elds that roused him to paint masterpieces such as Wheat Field with Crows and Landscape with a Carriage and a Train Despite these idyllic surroundings his encouraging pace of production and mounting critical recognition van Gogh chose to end his own life a mere two and a half months later leaving the letters and paintings duplicated here as the only clues to the internal anguish that led him to an act of such desperation The full complexity of van Gogh s personality emotions and relationships is presented here through reproductions of historical documents letters and glorious full color plates of over seventy paintings each of which is also accompanied by incisive commentary from author Wouter van der Veen a renowned van Gogh scholar A nal chapter fully explores the often overlooked role played by his sister in law Johanna Bonger in cultivating and establishing his posthumous legacy **Van Gogh in Popular Culture** Lynnette Porter, 2015-12-11 Vincent van Gogh continues to fascinate more than a century after his death in 1890 Yet how much of what is commonly known about this world renowned artist is accurate Though he left thousands of works and a trove of letters the definitive Van Gogh remains elusive Was he a madman who painted his greatest pieces in a passionate fury or a lifelong student of art literature and science who carefully planned each composition Was he a loner dedicated only to his craft or an active collaborator with his contemporaries Why is he best known for self mutilation and The Starry Night This book has biographers scriptwriters lyricists actors museum curators and tour guides among others presenting diverse interpretations of his life and work creating a mythic persona that may in fact help us in the search for the real Van Gogh **Inventing Van Gogh** Steven Dietz, 2004 THE STORY A haunting and hallucinatory drama about the making of art INVENTING VAN GOGH is the story of the final van Gogh self portrait painted just before the artist s death which has never been seen until now Patrick Stone a contemporary p **The Lost Wife** Alyson Richman, 2011-09-06 A rapturous novel of
