Queer TV in the 21st Century Kylo-Patrick R. Hart, 2016-06-10 Television has historically been largely ineffective at representing queerness in its various forms In the 21st century however as same sex couples have seen increasing mainstream acceptance and a broader range of queer characters has appeared in the media it seems natural to assume TV portrayals of queerness have become more enlightened But have they This collection of fresh essays analyzes queerness as depicted on TV from 2000 to the present Examining Buffy the Vampire Slayer The Ellen DeGeneres Show The L Word Modern Family The New Normal Queer as Folk Queer Eye for the Straight Guy RuPaul s Drag Race Spartacus and Will Grace among other series the contributors demonstrate that queer characters in general have achieved visibility at the expense of minimizing much of their queerness with a few eye opening exceptions
