Quotations from Psalms in the Gospel of Matthew Piotr Herok, 2023-12-04 There are five marked quotations from Psalms in the Gospel of Matthew These are 1 Ps 91 1 12 in Matt 4 6 2 Ps 78 2 in Matt 13 35 3 Ps 8 3 in Matt 21 16 4 Ps 118 22 23 in Matt 21 42 and 5 Ps 110 1 in Matt 22 44 Piotr Herok argues that the investigated texts are related to each other not only by the presence of the introductory formulas making clear that a given citation comes from Scripture but also through mutual thematic convergence concerning in various degrees king David the temple and the theme of Jesus identity Thanks to the new literary context in which the quotations are embedded Matthew reinterprets them significantly while giving them a new dimension clearly distinguishing them from the rest of the psalm quotations found in his work This aims at presenting Jesus as not only the Son of David but first of all the Son of God Marked in Your Flesh Leonard B. Glick, 2005-06-30 The book of Genesis tells us that God made a covenant with Abraham promising him a glorious posterity on the condition that he and all his male descendents must be circumcised For thousands of years thereafter the distinctive practice of circumcision served to set the Jews apart from their neighbors The apostle Paul rejected it as a worthless practice emblematic of Judaism s fixation on physical matters Christian theologians followed his lead arguing that whereas Christians sought spiritual fulfillment Jews remained mired in such pointless concerns as diet and circumcision As time went on Europeans developed folklore about malicious Jews who performed sacrificial murders of Christian children and delighted in genital mutilation But Jews held unwaveringly to the belief that being a Jewish male meant being physically circumcised and to this day even most non observant Jews continue to follow this practice In this book Leonard B Glick offers a history of Jewish and Christian beliefs about circumcision from its ancient origins to the current controversy By the turn of the century more and more physicians in America and England but not interestingly in continental Europe were performing the procedure routinely Glick shows that Jewish American physicians were and continue to be especially vocal and influential champions of the practice which he notes serves to erase the visible difference between Jewish and gentile males Informed medical opinion is now unanimous that circumcision confers no benefit and the practice has declined In Jewish circles it is virtually taboo to question circumcision but Glick does not flinch from asking whether this procedure should continue to be the defining feature of
