Part III ; Life and death of King Richard III ; King Henry VIII* William Shakespeare,1825 The Life and Death of Peter Sellers Roger Lewis,2025-07-17 A fascinating tragic and instructive story vividly told Sunday Telegraph Roger Lewis in his no holds barred biography exposes a Peter Sellers the world little knows Recognized as the greatest British comic since Charlie Chaplin Sellers was the grand master of fifty five films from Dr Strangelove to Being There and the Pink Panther hits But shadowing his phenomenal career was a history of increasingly bizarre behaviour involving psychotic violence compulsive promiscuity drug abuse and humiliating self destructive obsessions with people including Princess Margaret Sophia Loren Liza Minnelli and each of his four wives Ann Hayes Britt Ekland Miranda Quarry and Lynne Frederick He alternately showered his wives and children with gifts and then threatened to kill them Sellers fluidity as an actor made for a terrifying madness that grew like a slow metastasizing cancer throughout his adult life The Life and Death of Peter Sellers concludes with his premature death at the age of 54 sick at heart and alone in those sunless hotel rooms so recoiled from intimacy that no one really knew him anymore PRAISE FOR THE LIFE AND DEATH OF PETER SELLERS It is a mad book but then the subject is a madman I love Lewis s passion I recommend it Sunday Times Reinventing the genre as well as reassessing its subject with formidable intelligence this book is a remarkable achievement Literary Review Round the Red Lamp: Being Facts and Fancies of Medical Life Arthur Conan Doyle,2022-06-02 In Round the Red Lamp Being Facts and Fancies of Medical Life Sir Arthur Conan Doyle pivots from his renowned detective narratives to explore the more personal and humane aspects of the medical profession Comprising a compelling mix of fiction steeped in medical realism and a touch of detective intrigue the stories such as Behind the Times and The Doctors of Hoyland offer readers a visceral insight into the challenges and ethical quandaries faced by Victorian era medical practitioners The narrative style oscillates between poignant character studies and tantalizing mystery all rendered in Doyle s signature lucid prose thus presenting a fascinating tapestry of 19th century medical life within its broader social and literary context Sir Arthur Conan Doyle himself a physician before his literary fame eclipsed his medical career draws from his firsthand experiences in medicine to lend an unmistakable authenticity to each tale His explorations often underscore the sacrifices and moral dilemmas that underpin the vocation perhaps reflecting his own internal struggles between the allure of storytelling and his commitment to healing With a unique blend of empathy and suspense Doyle s foray into medical narratives offers a closer look at the human condition through the lens of a doctor s life Recommended for both aficionados of Conan Doyle s more famous Sherlock Holmes series and readers

with an interest in historical fiction this anthology promises to transport the audience to the heart of Victorian medicine The stories within Round the Red Lamp are as enlightening as they are entertaining offering a nuanced portrayal of the era s medical practices and the timeless resonance of its ethical considerations This collection stands as a testament to Conan Doyle s versatility and profound understanding of human nature ensuring that it holds a distinct and worthy place in the annals of classic literature
