Non-Normative Sexualities in US Latinx and Latin American Literature Through a Capitalist Lens Kathryn Quinn-Sánchez, Michele Shaul, 2023-12-06 Non Normative Sexualities in US Latinx and Latin American Literature Through a Capitalist Lens studies how Latin American and Latinx authors represent non normative sexualities through a capitalist lens In our society heterosexuality manifests as privilege and has been normalized to such an extent that any sexuality that is perceived as different from the dominant cis gendered heteropatriarchal norm is considered deviant Non normative sexualities continue to be viewed by society as detrimental to the health of the nation Consequently how one is perceived by the dominant culture continues to limit one's ability to thrive Each chapter serves to analyze how one's perceived gender identity or sexuality can block access to economic opportunity Queer trans spatial and intersectional theories form the base of the literary analyses One of the contributors goals is to present capitalism as it is intersectionally present in life identity and society The authors studied in this collection come from the USA Puerto Rico Mexico and the Southern Cone of Latin America

Arguments for Liberty Aaron Ross Powell, Grant Babcock, 2016-12-06 Two schools of thought have long dominated libertarian discussions about ethics utilitarianism and natural rights Those two theories are

important but they are not the only ways people think about ethics and political philosophy In *Arguments for Liberty* you will find a broader approach to libertarianism In each of *Arguments for Liberty*'s nine chapters a different political philosopher discusses how his or her preferred school of thought judges political institutions and why libertarianism best meets that standard Though they end up in the same place the paths they take diverge in fascinating ways Readers will find in these pages not only an excellent introduction to libertarianism but also a primer on some of the most important political and ethical theories Assuming little or no training in academic philosophy the essays guide readers through a continuous moral conversation spanning centuries and continents from Aristotle in ancient Athens to twentieth century philosopher John Rawls in the halls of Harvard What is the best political system What standards should we use to decide and why *Arguments for Liberty* is a guide to thinking about these questions It is also a powerful nine fold argument for the goodness and importance of human liberty

whose dark secrets would shock and captivate the world On January 14 2018 a seventeen year old girl climbed out of the window of her Perris California home and dialed 911 on a borrowed cell phone Struggling to stay calm she told the operator that she and her 12 siblings ranging in age from 2 to 29 were being abused by their parents When the dispatcher asked for her address the girl hesitated I ve never been out she stammered To their family neighbors and online friends Louise and David Turpin presented a picture of domestic bliss dressing their thirteen children in matching outfits and buying them expensive gifts But what police discovered when they entered the Turpin family home would eclipse the most shocking child abuse cases in history For years David and Louise had kept their children in increasing isolation trapping them in a sinister world of torture fear and near starvation In the first major account of the case investigative journalist John Glatt delves into the disturbing details and recounts the bravery of the thirteen siblings in the face of unimaginable horror O.A.C.
