

THE LOST LANGUAGE OF SYMBOLISM

AN INQUIRY INTO THE ORIGIN OF CERTAIN
LETTERS, WORDS, NAMES, FAIRY-TALES,
FOLKLORE, AND MYTHOLOGIES

BY
HAROLD BAYLEY

"The English mind, not readily swayed by rhetoric, moves freely
under the pressure of facts."

E. B. TYLOR.

"One may, for a moment, arouse interest by a new hypothesis, but
it is only by the accumulation of facts that public opinion is perceptibly
influenced in the end."

The Lost Language Of Da English Edition:

The Lost Language Pasquale De Marco, The American language is in a state of crisis Once the lingua franca of the world English is now losing ground to other languages both at home and abroad In the United States the number of people who speak English as their first language has declined by 10% in the past decade This decline is due to a number of factors including globalization technology and the changing demographics of the United States Globalization has led to the rise of a new form of English known as global English Global English is a standardized and simplified form of English that is easier for people from different cultures to understand As a result global English is increasingly being used as a second language rather than a first language This is having a negative impact on the status of American English as the lingua franca of the world Technology is also having a significant impact on the American language The internet and social media have made it easier for people to communicate with each other across borders and this has led to the spread of new words and phrases that are not always familiar to American English speakers This is making it more difficult for American English speakers to understand each other and it is also leading to the loss of some of the unique features of American English The changing demographics of the United States is another factor that is contributing to the decline of American English The United States is becoming increasingly diverse and this is leading to a greater variety of languages being spoken in the country As a result American English is no longer the only language that is spoken in the United States and this is having a negative impact on its status as the lingua franca of the world The decline of American English is a serious problem It is a threat to our culture and our economy If we want to preserve the American language we need to take action We need to invest in language education and we need to promote the use of American English in all aspects of our lives This book is a call to action It is a call to action to preserve the American language This book will provide an overview of the factors that are contributing to the decline of American English and it will offer some suggestions for how we can reverse this trend If you like this book write a review
