marshmallow themed look As for the name it comes from a comment a friend made which described his music as mellow and easy to listen to The multitalented Marshmello is not just a DJ but also a producer and a songwriter He stays independent from record labels so that he s free to make and release music the way he wants to That hasn t hurt his bottom line though He has worked together with some of the biggest names in pop music like Bastille on the track Happier and Selena Gomez on Wolves His live shows can earn him over 100 000 per performance DJ DJ Happier Nobody has been able to confirm Marshmello s real name and the man in white has been cagey in interviews often only indicating yes or no or typing an answer on his laptop Marshmello first appeared in 2015 and was known for his remixes of popular songs such as Anne Marie s Friends Later his first album Joytime reached number five on the Billboard US Top Dance Electronic Albums chart The DJ s biggest success so far was an unusual one He recorded a 30 minute concert within the online video game Fortnite With their weapons turned off players could dance fly and dodge flying balls while Marshmello played There was even a special dance that gamers could have their characters perform the Marsh Walk Marshmello said he was happy that some people got to experience their first concert in the game You might imagine that all this attention would go to Marshmello s head However you ll be happy to hear that the producer is keeping it real Marshmello tweeted that he would never take off his helmet because he does not want or need fame His only goal to create something positive that people can connect with Friends Joytime DJ
