The Manny Diaries Kilt Kilpatrick, 2010 Young art student Evan Ross falls out of the closet and into the fire when an unexpected sexual encounter with a friend changes his life forever His rocky and surprisingly hot search for true love and a real job not necessarily in that order takes him on a series of romantic adventures and misadventures from the lofty hills to the seedy streets of San Francisco When he lands a job as a male nanny for a precocious 8 year old his career and romance paths start to converge and he finds himself falling for a dead ringer of his dream man Clive Owen The only problem It s the girl s straight father Can he land his dream job and his dream man THE MANNY DIARIES is a sexy warm and hilarious novel with a supporting cast of quirky lovable characters a fun pace and a true to life setting P 4 of cover [Acculturated](#) Naomi Schaefer Riley, Christine Rosen, 2012-09-01 Contemporary popular culture from books to film to television to music to the deepest corners of the internet has provoked much criticism some of it well deserved Yet popular culture is culture for many Americans particularly younger Americans It is the only kind of cultural experience they seek and the currency in which they trade In *Acculturated* twenty three thinkers examine the rituals the myths the tropes the peculiar habits the practices and the neuroses of our modern era Every culture finds a way for people to tell stories about themselves We rely on these stories to teach us why we do the things we do to test the limits of our experience to reaffirm deeply felt truths about human nature and to teach younger generations about vice and virtue honor and shame and a great deal more A phenomenon like the current crop of reality television shows for example with their bevy of real housewives super size families and toddler beauty pageant candidates seems an unlikely place to find truths about human nature or examples of virtue And yet on these shows and in much else of what passes for popular culture these days a surprising theme emerges Move beyond the visual excess and hyperbole and you will find the makings of classic morality tales As the title suggests readers will find in these pages A Culture Rated This lively roundtable of raters includes renowned cultural critics like Caitlin Flannigan and Chuck Colson and celebrated culture creators like the producers of the hit ABC comedy *Modern Family* and the host of TLC s *What Not to Wear* Editors Christine Rosen and Naomi Schaefer Riley have tasked these contributors both the critics and the insiders with taking a step or two back from the unceasing din of popular culture so that they might better judge its value and its values and help readers think more deeply about the meaning of the narratives with which they are bombarded every waking minute In doing so the editors hope to foster a wide reaching public conversation to help us think more clearly about our
