Sharma,2024 Hyderabad the city of nawabs the Charminar and biryani Or a city plugged into the neural network of global technology Hyderabad is both of those cities all at once and there is much more to it than meets the eye Beyond Biryani maps the journey from what was at best a proto colonial city under a quasi Mughal princely state till the 1940s to the modern and vibrant metropolis that Hyderabad is today In the pages of this book we see the beginnings of that transformation the Britishers who steered the city in the direction of developing a scientific temper and the nawabs who championed the cause And we discover the workings and patterns of the change from the Chloroform Commissions to Ronald Ross s discovery of malaria from the setting up of Osmania University India s first vernacular university to the newly independent India pushing for industrial laboratories scientific research and strategic forays into nuclear fuel and missiles Finally we discover how in the last thirty years Hyderabad has taken giant leaps towards becoming a truly globalised city An alternative history of the city of Hyderabad Beyond Biryani is a must read for anyone interested in how a city can catapult towards modernity while staying rooted in its cultural heritage      **Research in Education** ,1969

**CURRICULUM REFORM IN PAKISTAN**  
 Amna Afreen, 2022-02-25 I have written this book in an effort to explore how the history of Pakistan has resulted in the critical problems weighing down its education system The book examines the questions Why and how has a small elite class come to rule Pakistan And how has their rule worsened the country's problems The focus will be to critically examine the elements of the Pakistani national curriculum and madrasas and their effects on Pakistani society The book represents the fusion of my experiences in Pakistan with extensive literature analysis interviews and textbook analysis This research began when I came to the United States in January 2015 through the SAR program I wanted to know the answers to profoundly unsettling questions How can a society be so intolerant that a scholar educated solely in Pakistan is disregarded and assassinated while many Western educated scholars with traditional insular thoughts are not only appreciated but flourishing I wanted to know why Pakistani elites have so much power and freedom while lower classes are profoundly oppressed Elites who barely pay taxes have been in power for generations while those that pay taxes suffer from sky high inflation The influential religious leaders mostly belong to the elite class while their followers are mostly lower class Ruling families and social classes mostly control appointed positions Do those in power not have a responsibility to speak on issues of social justice rather than limiting themselves in claiming that theirs is the only true form of Islam Why don't they work to end the disparity of quality education between classes in Pakistan Instead many elites run their own lucrative elite Islamic schools More importantly why do the ulama which literally means those who possess knowledge ilm particularly of Islam maintain a tight hierarchical system in the madrasa Islamic seminary community that rarely allows poor intelligent students to attain leadership positions Why are the ulama silent in the face of ruthless murder of and discrimination against Pakistani minorities Book Review Pakistan Educational Reforms is a major study of education in Pakistan and its national and madrasa curriculum that fosters national and religious sectarian divisions intolerance and conflicts Dr Amna Afreen documents the political socio economic and religious causes limited government funding widespread poverty and illiteracy and the poor training and performance of teachers that have produced a failed educational system at urban and rural government and religious schools madrasa and offers a series of potential solutions and reforms John L Esposito University Professor and Founding Director of The Alwaleed Center for Muslim Christian Understanding Georgetown University

Clarke, 2013-03 Pakistan with the second largest Muslim population in the world is a crucial country in the international system This book identifies the factors that contribute both to Pakistan's perceived instability and its resilience It examines the drivers of Pakistan's chronic instability and addresses the implications of its current political and security predicaments for regional international and its own security      **Pakistan's Blasphemy Laws** Shemeem Burney Abbas, 2013-07-01 Under the guise of Islamic law the prophet Muhammad's Islam and the Qur'an states such as Pakistan Afghanistan Egypt Saudi Arabia and Bangladesh are using blasphemy laws to suppress freedom of speech Yet the Prophet never tried or executed anyone for blasphemy nor does the Qur'an authorize the practice Asserting that blasphemy laws are neither Islamic nor Qur'anic Shemeem Burney Abbas traces the evolution of these laws from the Islamic empires that followed the death of the Prophet Muhammad to the present day Taliban Her pathfinding study on the shari'a and gender demonstrates that Pakistan's blasphemy laws are the inventions of a military state that manipulates discourse in the name of Islam to exclude minorities women free thinkers and even children from the rights of citizenship Abbas herself was persecuted under Pakistan's blasphemy laws so she writes from both personal experience and years of scholarly study Her analysis exposes the questionable motives behind Pakistan's blasphemy laws which were resurrected during General Zia ul Haq's regime of 1977-1988 motives that encompassed gaining geopolitical control of the region including Afghanistan in order to weaken the Soviet Union Abbas argues that these laws created a state-sponsored infidel ideology that now affects global security as militant groups such as the Taliban justify violence against all infidels who do not subscribe to their interpretation of Islam She builds a strong case for the suspension of Pakistan's blasphemy laws and for a return to the Prophet's peaceful vision of social justice      **1981** D.
