Used Adirondack Guide Boats:

Boats and Boating in the Adirondacks Hallie E. Bond, 1998-08-01 Adirondack history is a tale written on the water. In the Adirondacks, people have traveled, conducted warfare, hunted and fished, gone to church, proposed marriage and driven logs in on from or by water. Without boats, small and large, Adirondack history, social, recreational, commercial and environmental, would be an affair entirely different from what we have come to know. In this lavishly illustrated account, Hallie E. Bond presents a history of these boats: canoes, sailboats, power launches, outboards, and the indigenous guideboat that figure prominently in the overall history of the Adirondacks. The pre-contact Indians paddled dugout and bark canoes in the seventeenth and eighteenth centuries; these craft were joined by skiffs and bateaux. Between 1820 and World War II, a distinctive tradition of boat building developed, culminating in the famous Adirondack guideboat. As the nineteenth century progressed, a variety of small, fresh water, muscle-powered boats was produced in the Adirondacks, an assemblage matched by only a few places in the country. There were the canoes and the men that made them famous: John Henry Rushton and Nessmuk, and the guideboats and their builders, H. Dwight Grant and Willard Hanmer. In the early twentieth century, the development of the internal combustion engine irrevocably changed not only boat use and design, but life and leisure in the Adirondacks. Bond skillfully captures the whole panorama of boats and boating in the Adirondacks, from early dugouts and bateaux to the high-powered inboards that won Gold Cup races on Lake George and the Kevlar pack canoes of today. Drawing on her experience as an historian and Curator of Collections and Boats at the Adirondack Museum, Bond places events and trends of the region in the context of national and international history and describes the significant contribution of the Adirondacks in the early twentieth century development of recreation and travel in America. **Boats and Boating in the Adirondacks** also includes a descriptive catalog of boats from the museum's own collection, with nearly two hundred illustrations, in addition to those in the narrative, a list of boatbuilders active in the North Country before 1975, and a valuable glossary of terms.

The Adirondacks Gary Randorf, 2002-07-29 One hundred full-color photographs illustrate this history and current health of upstate New York's Adirondack Park, the first private-public partnership dedicated to the protection of a U.S. wilderness area. Here is the first lesson about the Adirondacks captured in Gary Randorf's magnificent photos. It is not only alpine granite; in fact, of the park's six million acres, only about eighty-five scattered on top of the tallest mountains are that gorgeous pseudo-Arctic. Aside from the touristed High Peaks, the Adirondacks comprise millions upon millions of acres of Low Peaks, of beaver draws and bearish woods, of hills and hills and hills, countless drainages and muddy ponds. The second point about the Adirondacks, a glory carefully revealed in the words and pictures of this book, is that it represents a second-chance wilderness and, as such, a hope that the damage caused by human beings is not irreversible. It is metaphor as much as place. From the foreword by Bill McKibben. In *The Adirondacks*, Wild Island of Hope, Gary A. Randorf offers 100 photographs to illustrate this unique, comprehensive history and natural history of the Adirondack Park, the first private-public partnership in

the United States dedicated to the protection of a wilderness area. Situated in northeast New York, this regional park of six million acres represents a unique blend of public wildlands intermixed with commercial forests, farms, mines, private parks, prisons, scattered homes, dozens of villages, and a year-round population of 130,000. The ongoing attempts over the last century to make the Adirondacks a park have made this region a striving ground for living with the land rather than outside or above it. Much of the strife is over finding a right relationship to the land, treating it not as a commodity to be exploited but as a community to which all living things belong and upon which all depend. Today the Adirondacks regional park with its six million acres represents a second chance wilderness as Bill McKibben writes in his foreword to this book. The concerns of this park are the same concerns that apply to all of America's parks, recreational areas, and wildernesses, with the addition of how to maintain the fragile peace between human and natural communities. How that second chance can be realized is the focus of Gary Randorf's text and stunning color photographs.

Field & Stream, 1987-11. FIELD STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

The Canoeist's Catalog, William F. Stearns, Fern Crossland Stearns, 1978. Indexes and evaluates supplies for canoeists.

Around Caroga Lake, Canada Lake, and Pine Lake, Carol Parenzan Smalley, 2011. The southern Adirondack Mountains community of Caroga Lake, Canada Lake, and Pine Lake is known for the power of its water and the perseverance of its people. The quiet mountain lumbering community changed quickly in 1865 when two entrepreneurs purchased 20,000 acres of hemlock-rich land and erected a tannery to cure leather for a shoe-making business. Additional lumbering opportunities followed, and sawmills sprung up around many of the lakes. Horse-drawn carriage services and wood-burning steamboats delivered summer residents and artists to rustic camps that dotted the lakes' shorelines, and tourists to grand hotels. Today the ghostly remains of Sherman's Park on West Caroga Lake and Groshans Park at Pine Lake remind its residents and guests of the past that was and the future that might yet be.

The Encyclopedia of New York State, Peter Eisenstadt, 2005-05-19. The Encyclopedia of New York State is one of the most complete works on the Empire State to be published in a half-century. In nearly 2,000 pages and 4,000 signed entries, this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas, as a cradle of abolitionism and feminism, and as an apex of modern urban, suburban, and rural life. The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history. Did you know that Manhattan's Lower East Side was once the most populated neighborhood in the world, but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi? New York is the only state to border both the Great Lakes and the Atlantic Ocean. The Erie Canal opened New York City to rich farmland upstate and to the west. Entries by experts chronicle New York's varied areas, politics, and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads, weaving the state's diverse regions and peoples into one idea of New York State. Lavishly

illustrated with 500 photographs and figures 120 maps and 140 tables the Encyclopedia is key to understanding the state s past present and future It is a crucial reference for students teachers historians and business people for New Yorkers of all persuasions and for anyone interested in finding out more about New York State *The Adirondacks* Seneca Ray Stoddard,1882 **LIFE** ,1965-11-05 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use **Field & Stream** ,1980-12 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations *A History of the Adirondacks* Alfred Lee Donaldson,1921 *Field & Stream* ,1987-11 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations **Early American Nature Writers** Daniel Patterson,2007-11-30 At a time when the environment is of growing concern to students and general readers nature writing is especially meaningful This book profiles the literary careers of 52 early American nature writers such as John James Audubon Ralph Waldo Emerson Caroline Stansbury Kirkland Thomas Jefferson Henry David Thoreau and Mabel Osgood Wright Each entry is written by an expert contributor and discusses the writer s life and works Entries close with primary and secondary bibliographies and the encyclopedia ends with suggestions for further reading Global warming pollution and other issues have made the environment a topic of constant discussion these days Many environmental concerns were treated by early American nature writers who recognized the beauty of the natural world in an age of commercial expansion Some of the most famous writers of the 18th and 19th centuries wrote about nature and their works are stylistic masterpieces At a time when students are being encouraged to read and write about nonfiction these masterworks of early American nature writing are all the more important This book gives students and general readers a welcome introduction to early American nature writers *The Woodenboat* ,2001

LIFE ,1965-11-05 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use **Rushton and His Times in American Canoeing** Atwood Manley,1977-08-01 This is the story of J Henry Rushton a native of northern New York State who became world famous as a builder of canoes He and his craft were at the center of notable events in canoeing history in the nineteenth and early twentieth centuries Rushton was born in 1843 in a small settlement on the edge of the Adirondack wilderness In his thirties seeking to cure himself of consumption in the mountain air he built a boat for a trip into the woods Tradition has it friends asked Rushton to build boats for them too and his career was started Rushton was

fortunate in his patrons In 1880 he was approached by the outdoor writer George Washington Sears better known by his pen name 11Nessmuk A frail man Nessmuk asked Rushton to build him an exceptionally lightweight canoe Nessmuk s solitary tours of Adirondack waterways in the 10 3 4 pound Sairy Gamp set a new trend in sports life His letters in the journal Forest and Stream did much to popularize unguided travel through the wilderness and to spread Rushton s fame Many illustrations including two previously unpublished sketches by Frederic Remington help tell the story here Five appendixes include Rushton s catalog descriptions of his construction methods a reprint of an article by Nessmuk an account of the Rushton canoes extant today drawings and specifications of seven of these extant canoes and a lengthy discussion by Harry Rushton of his father s methods of craftsmanship

Adirondack Explorations Paul Schaefer,1997-07-01 Verplanck Colvin worked for twenty eight years as the superintendent of the topographical survey of the Adirondack Mountains This collection of essays compiled by Paul Schaefer examines Calvin s many perspectives on the Adirondacks His writings demonstrate his vast knowledge and appreciation of the wilderness Colvin has a poetic style that captures the true beauty of the outdoors

Fly Fishing & Conservation in Vermont Tim Traver,2020-03-09 Vermont is an angler s paradise but few pause to consider the past and future impact that conservation has had on trout fishing Writer angler and conservationist Tim Traver combines the latest fisheries science with well seasoned opinions on the storied past evolving present and hopeful future of this worthy pursuit Become part of a long running stewardship and restoration story with a history of success and a challenging future This is fishing journalism at its best with stories and resources that are sure to whet your appetite for exploring the rivers streams and lakes in the most rural corners of the state A portion of the proceeds from the sale of this book supports the work of the White River Partnership and Vermont River Conservancy

Boats and Boating on Cranberry Lake Allen P. Splete,Cranberry Lake Boat Club,2009-07-06 Boats and Boating on Cranberry Lake portrays the evolution of boating life on a lake that was barely known until the late 19th century Illustrated here are some of the lakes earliest guide boats and canoes workboats and steamers and early motor launches that brought visitors from the dock at Wanakena to hotels around the lake In the summer of 1909 a few men who regularly spent the season on Cranberry Lake organized a motorboat club to promote the sport of power boating improve boating conditions on the lake and have some fun Today the Cranberry Lake Boat Club with 400 memberships is thought to be the oldest such continuously active club in the western Adirondacks The club will celebrate its centennial in 2009 with a summer of activities related to boats and boating on the lake
