This quirky exploration of the cultural history of soup as a tool for both building community and fostering social justice is the result of a brainstorm. Eating your way through a pot of soup day after day can get boring; why not get together and swap some with friends? Now neighbors across the country are getting together regularly for home based soup swaps. In Chicago the arts collective InCUBATE uses soup as a microfunding tool. And of course soup can be a political statement: the radical volunteers of Food Not Bombs have been providing free vegetarian soup to the hungry as a protest against war and social injustice since 1980. These are just a few examples of the stories Bayne wraps around a collection of delicious accessible and tested soup recipes.
