The Formation of Intellectual Capital and Its Ability to Transform Higher Education Institutions and the Knowledge Society Cardoso Espinosa, Edgar Oliver, 2019-06-28 The knowledge society arises from the combination of four interdependent elements the production of knowledge through research its transmission through education its dissemination through information and communication technologies and its exploitation through innovation For this reason higher education institutions HEIs are the main component of the formation of intellectual capital because they are the key element of the knowledge society so it is necessary that they continue to be the main source of the necessary skills that allow the increase of economic competitiveness sustainability and citizen welfare within the framework of quality education and equity The Formation of Intellectual Capital and Its Ability to Transform Higher Education Institutions and the Knowledge Society is an essential research publication that provides systemic research on the formation of intellectual capital in higher education and its impact on the knowledge society Highlighting topics such as educational programs management strategy and educational studies this book is meant for educators educational technologists students researchers professionals and administrators

Locating Social Justice in Higher Education Research Jan McArthur, Paul Ashwin, 2020-03-19 This

book focuses on the relations between social justice and higher education research Jan McArthur and Paul Ashwin bring together chapters from international researchers that explore these relations in a range of national contexts and consider their implications for policies pedagogy and our understanding of the roles of graduates in societies As a whole the book argues that social justice needs to be more than a topic of higher education research and must also be part of the way that research is undertaken Social justice must be located in research practices as well as in the issues that are researched

From microscope to kaleidoscope,2008-01-01 What new understandings concerning children and significant others in their life worlds have become apparent because of the HIV AIDS pandemic This innovative book argues that new insights on education and psychosocial aspects surface when research in the realm of HIV AIDS is viewed through a positive psychology lens By converging in depth exploration and description the book pinpoints vital persons supporting children s wellbeing and posits changed roles due to pandemic related stressors The significance of different education role players children teachers caregivers community members is addressed in separate chapters using pioneering theory and empirical data that are integrated with dynamic case examples visual data and narratives Ebers hn s edited book emphasises supportive persons and networks as buffers children access to mediate their coping when confronted by HIV AIDS related stressors Throughout the links between psychosocial support changed roles and responsibilities and resilience in the advent of adversity are clearly and thoughtfully demonstrated A concluding chapter questions why and what happens to children s wellbeing when society fails to provide supportive networks and services *The World of South African Music* Christine Lucia,2009-03-26 The present Reader is a selection of texts on South African music which are chosen not only for their importance or the frequency of citations but with the express purpose of providing the reader with a deep understanding of the music itself Consequently there are readings that are chosen because they have been influential but there are also many which though published have not enjoyed very wide circulation There are those which are of obvious historic interest and others which speak to contemporary issues Among other things the volume provides an excellent sense of the varying ideologies and approaches that determine the relationship between author and subject The reader is indispensable to scholars and enthusiasts of South African music and it is of great interest to ethnomusicologists more generally It is also an excellent resource for those who do not have immediate access to harder to find articles and is perhaps most vital to those who are looking to find a way into the world of South African music *Music, Health, and Wellbeing* Raymond MacDonald,Gunter Kreutz,Laura Mitchell,2013-05-02 Music has a universal and timeless potential to influence how we feel yet only recently have researchers begun to explore and understand the positive effects that music can have on our wellbeing This book brings together research from a number of disciplines to explore the relationship between music health and wellbeing **The Musical Human** Suzel Ana Reily,2006 The musical human without a doubt this vision of the human species as naturally musical has become the most enduring legacy John Blacking bequeathed to ethnomusicology The contributions in this volume have been

written by people who worked closely with or have been inspired by John Blacking Each essay draws upon distinct aspects of Blacking s writings but complements them with quite different sets of sources This volume provides fresh assessments of Blacking s work taking up his challenge to push the boundaries of ethnomusicology into new territories
