**Step by Step Non-Verbal Reasoning** Philip Kay, 2002. This photocopiable resource book works systematically through all of the main question types used in 11 and 12 non-verbal reasoning tests. For each question type, a worked example shows exactly what the question demands and explains how to tackle it in three or four clear steps. Each example is then followed by ten or more questions of the same or very similar type to practise and reinforce answering technique. Within each unit, gradually increasing difficulty helps to build pupil confidence. Together, the units bring easy recognition of and familiarity with the full range of question types, ensuring there are no surprises in the test itself. The photocopiable sheets help to bring structure and focus to whole class or individual preparation and can also be used as a self-contained homework resource. Every unit is presented on a double page for easy photocopying, and answers to all questions are included.
