the academic tone of language *The Writing Revolution* Judith C. Hochman, Natalie Wexler, 2017-08-07 Why you need a writing revolution in your classroom and how to lead it The Writing Revolution TWR provides a clear method of instruction that you can use no matter what subject or grade level you teach The model also known as The Hochman Method has demonstrated over and over that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback Insurmountable as the challenges faced by many students may seem The Writing Revolution can make a dramatic difference And the method does more than improve writing skills It also helps Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities The Writing Revolution is as much a method of teaching content as it is a method of teaching writing There s no separate writing block and no separate writing curriculum Instead teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction But perhaps what s most revolutionary about the TWR method is that it takes the mystery out of learning to write well It breaks the writing process down into manageable chunks and then has students practice the chunks they need repeatedly while also learning content

MacArthur, Zoi A. Philippakos, 2023-12 This book describes an innovative evidence based method for preparing students for the demands of college writing called Supporting Strategic Writers SSW The goal of SSW is to help students become independent learners who understand the value of strategies and can apply them flexibly in future courses

and the workplace The text provides genre based strategies for rhetorical analysis planning evaluation and revision critical reading of sources and synthesis of sources that are part of college composition and applicable across contexts and course assignments Equally important to the SSW approach is that students learn metacognitive strategies for goal setting task management progress monitoring and reflection Instructional methods include discussion of model essays think aloud modeling of strategies collaborative writing peer review and self evaluation and reflective journaling Book Features Integrates three critical components strategies for critical reading and writing metacognitive strategies to help students take control of their learning and pedagogical strategies Provides research based approaches for teaching developmental writing courses first year composition summer bridge programs and first year seminars Offers thorough explanations of the strategies and instructional methods with practical examples and support materials for instructors Based on two years of design research and three experimental studies which found significant positive effects on writing quality and motivation with college students in developmental writing courses *Communication for Business and the Professions: Strategies and Skills* Judith Dwyer,2012-10-15 The comprehensive how to guide to preparing students for the demands they ll face on the job Dwyer thoroughly addresses the new media skills that employees are expected to have in today s business environment Now titled *Communication for Business and the Professions Strategies and Skills* the fifth edition presents these technologies in the context of proven communication strategies and essential business English skills With new and updated content on social media and technology Dwyer provides comprehensive coverage of communication strategies and skills by linking theory and research with practical skills and examples Dwyer believes in expanding our knowledge of what we can do to interact effectively and provides us with working models to practise and refine how well we do it This edition continues to provide a solid background in communication stimulate critical thinking and promote active learning through a variety of features and activities Developing Creative Thinking to Improve Academic Writing Azza Abugharsa PhD,2018-05-08 *Developing Creative Thinking to Improve Academic Writing Part Two Advanced Level* textbook helps enhancing lateral thinking within the given contextual frame in order to promote students intellectual challenge to produce a comprehensive understanding about the topic This facilitates flexible thinking required to write academic assignments in which arguments are presented for thorough analysis Since rigid judgments can lead to fossilized views it is recommended to emphasize the concept that all opinions are correct from the points of view of their holders In this regard this book helps college students practice improving their triangular thinking skills which emphasize evaluation of all the aspects of the topic in an equal pattern Furthermore this book is useful for ESL college students as well as native speakers of English as it reinforces transformational learning principles which highlight education by inspiration rather than information Such a strategy can motivate the students to become more creative more practical and more resourceful and enable them to transform their learning related thinking abilities and attitudes in order to come to a better understanding of themselves and the world

Argumentative Writing in a Second Language Alan R. Hirvela, Diane Belcher, 2021-12-13 Argumentative Writing in a Second Language is a collection on teaching argumentative writing offering multiple vantage points drawn from the contributors own teaching and research experiences The value of learning how to compose argumentative texts cannot be overstated and yet very little attention has been allocated to the equally important topic of how argumentation is or can be taught in the L2 context Thus this volume shifts attention to teachers and argumentative writing instruction especially within increasingly common multimodal and digital literacy settings While doing so it provides a comprehensive wide ranging view of the L2 argumentative writing landscape within an instructional lens Part I of the volume is topic oriented and focuses on explorations of important issues and perspectives while Part II features several chapters reporting classroom based studies of a variety of instructional approaches that expand our understanding of how argumentative writing can be taught The book will be of value to pre service and in service teachers in varying instructional contexts as well as teacher educators and L2 writing scholars researchers

Teaching Writing in Chinese Speaking Areas Mark Shiu-Kee Shum, 2005-07-27 One of the most civilized nations in history China has a long standing writing tradition and many Chinese texts have become world treasures However the way the Chinese teach writing in various countries in contemporary times is little known to the outside world especially in Western countries Undoubtedly the Chinese have had an established traditional method of writing instruction However recent social and political developments have created the perception amongst both practitioners and researchers of a need for change Whilst certain socio political changes both in Mainland China and in the territories acted as agents for reform of the teaching of composition the shape these reforms are taking has been due to many different influences coming both from inside the countries themselves and from foreign sources Mainland China Hong Kong Taiwan and Singapore have each developed their own approach to the teaching of composition Teaching Writing in Chinese Speaking Areas aims to provide an accurate picture of the diverse composition teaching contexts and approaches in these four regions and countries This is the first book that systematically introduces recent developments in teaching composition in Chinese speaking areas It outlines current theories and paradigms originating both in the West and in China and Chinese speaking territories and the way in which these have been adapted to suit the various cultural contexts and learning environments The overview is of relevance not only to the East but throughout the world
