

"The Jungle" by Upton Sinclair

The novel *The Jungle* by Upton Sinclair narrates the life story of Jurgis and the tortures that he suffers since his arrival in Chicago with his family. Throughout the story, Sinclair describes the hardships that Jurgis and his family face in this capitalist country. Sinclair, in depth, shows the drawbacks of capitalism through Jurgis's and others life working in Packingtown. He then, towards the end of the novel introduces socialism as a solution to capitalism and its wickedness. Sinclair tries to persuade his readers to his views that "capitalism is immoral" and "socialism is the only solution to capitalism" He indeed backs up his argument with agreeable evidence and thrives to demonstrate the goodness of socialism. Socialism is better than capitalism and do can help the working men with his or her problems because it eliminates competition between the working class, promotes gender equality and provides an equal and a fair justice system.

The main reason why socialism works better than capitalism is because it eliminates competition among people for survival. Sinclair mentions this key point as an advantage for socialism. Ostrinski describes the rising competition between people as "The workers were dependent upon a job to exist from day to day, and so they bid against each other." We could see this competition thoroughly in Packingtown and within the story. Just as Sinclair mentions, socialism can break these rivalries among people and can bring back cooperation and unity among people. It can happen when socialism exists, where properties are communal or common within the society rather than under the control of the capitalists; when the salaries are higher for the common working class rather than diminished to increase the profits of capitalists. In a capitalist country, due to the low wages that the common people receive, most of them turn towards socialism.
