House, 1996 Covers receipts and expenditures of appropriations and other funds **Harlem is Nowhere** Sharifa Rhodes-Pitts, 2011-01-26 No geographic or racial qualification guarantees a writer her subject Only interest knowledge and love will do that all of which this book displays in abundance Zadie Smith Harper s National Book Critics Circle Award Finalist New York Times Notable Book of the Year Hurston Wright Legacy Award Finalist One of Slate s best nonfiction books of the past 25 years For a century Harlem has been celebrated as the capital of black America a thriving center of cultural achievement and political action At a crucial moment in Harlem s history as gentrification encroaches Sharifa Rhodes Pitts untangles the myth and meaning of Harlem s legacy Examining the epic Harlem of official history and the personal Harlem that begins at her front door Rhodes Pitts introduces us to a wide variety of characters past and present At the heart of their stories and her own is the hope carried over many generations hope that Harlem would be the ground from which blacks fully entered America s democracy Rhodes Pitts is a brilliant new voice who like other significant chroniclers of places Joan Didion on California or Jamaica Kincaid on Antigua captures the very essence of her subject Enchanting Rhodes Pitt s Harlem is a place worth fighting for New York Times Book Review *Meeting Ethnography* Jen Sandler, Renita Thedvall, 2017-03-27 This volume asks and addresses elusive ontological epistemological and methodological questions about meetings What are meetings What sort of knowledge identities and power relationships are produced performed communicated and legitimized through meetings How do and how might ethnographers study meetings as objects and how might they best conduct research in meetings as particular elements of their field sites Through contributions from an international group of ethnographers who have conducted meeting ethnography in diverse field sites this volume offers both theoretical insight and methodological guidance into the study of this most ubiquitous ritual **The Big Enchilada** Stuart Stevens, 2007-11-01 Six years ago he owned a baseball team Now he s the leader of the free world The Big Enchilada is a comic anthem to the wild and improbable crusade that propelled George W Bush into the White House and to the close knit group of Texans who made it happen written by the Bush campaign s Renaissance man Time magazine Writer and political strategist Stuart Stevens has been hailed by Martin Amis as the perfect companion brave funny and ever watchful and The New Yorker has praised him for having a wonderful eye for the curiosities of human behavior Here he tells the surprisingly funny adrenaline fueled story of the Bush campaign the public never saw from the Austin coffee shop where Stevens watched Karl Rove sketch out the Republican master plan on a napkin to the small Methodist church in Crawford Texas where the blue jeaned future president prepared for the make or break debates that no one expected him to win He offers the inside view of the rise and flameout of maverick John McCain the struggle to come up with a message that could be heard over a booming economy Times have

never been better Vote for change campaign aides joked and the fierce debates over the upside and downside of going negative against a vulnerable adversary Above all Stevens turns the familiar political tale of disillusionment on its head From the moment he arrived in Austin to join the campaign Stevens get in here and let s bond the governor said he discovered the peculiar pleasure of working with people who not only respected and admired their candidate but actually liked him They faced formidable obstacles from a nation surfing a vast wave of peace and prosperity to an experienced opponent whose seasoned advisers bragged that the campaign would be a slaughterhouse But Texans as Stevens learned are a confident bunch and the Bush crowd remained convinced they would win the biggest prize of all even on the brink of losing This is the story of what it was like as only an insider could tell it **Money Well Spent?** Michael Grabbell,2012-01-31 The 2012 presidential campaign will above all else be a referendum on the Obama administration s handling of the financial crisis recalling the period when Obama s audacity of hope met the austerity of reality Central to this is the American Recovery and Reinvestment Act of 2009 the largest economic recovery plan in American history Senator Mitch McConnell gave a taste of the enormity of the money committed if you had spent 1 million a day since Jesus was born it still would not add up to the price tag of the stimulus package A nearly entirely partisan piece of legislation Democrats voted for it Republicans against the story of how the bill was passed and more importantly how the money was spent and to what effect is known barely at all Stepping outside the political fray ProPublica s Michael Grabbell offers a perceptive balanced and dramatic story of what happened to the tax payers money pursuing the big question through behind the scenes interviews and on the ground reporting in more than a dozen states across the country **Asking the Audience** Adair Rounthwaite,2017-02-21 The 1980s was a critical decade in shaping today s art production While newly visible work concerned with power and identity hinted at a shift toward multiculturalism the 80s were also a time of social conservatism that resulted in substantial changes in arts funding In Asking the Audience Adair Rounthwaite uses this context to analyze the rising popularity of audience participation in American art during this important decade Rounthwaite explores two seminal and interrelated art projects sponsored by the Dia Art Foundation in New York Group Material s Democracy and Martha Rosler s If You Lived Here These projects married issues of social activism such as homelessness and the AIDS crisis with various forms of public participation setting the precedent for the high profile participatory practices currently dominating global contemporary art Rounthwaite draws on diverse archival images audio recordings and more than thirty new interviews to analyze the live affective dynamics to which the projects gave rise Seeking to foreground the audience experience in understanding the social context of participatory art she argues that affect is key to the audience s ability to exercise agency within the participatory artwork From artists and audiences to institutions funders and critics Asking the Audience traces the networks that participatory art creates between various agents demonstrating how since the 1980s leftist political engagement has become a cornerstone of the institutionalized consumption of contemporary art *Large and Dangerous Rocket Ships* Mark Canepa,2019-09-17
