Handbook of Reading Disability Research Anne McGill-Franzen, Richard L. Allington, 2010-09-17 Bringing together a wide range of research on reading disabilities this comprehensive Handbook extends current discussion and thinking beyond a narrowly defined psychometric perspective Emphasizing that learning to read proficiently is a long term developmental process involving many interventions of various kinds all keyed to individual developmental needs it addresses traditional questions What is the nature or causes of reading disabilities How are reading disabilities assessed How should reading disabilities be remediated To what extent is remediation possible but from multiple or alternative perspectives Taking incursions into the broader research literature represented by linguistic and anthropological paradigms as well as psychological and educational research the volume is on the front line in exploring the relation of reading disability to learning and language to poverty and prejudice and to instruction and schooling The editors and authors are distinguished scholars with extensive research experience and publication records and numerous honors and awards from professional organizations representing the range of disciplines in the field of reading disabilities Throughout their contributions are contextualized within the framework of educators struggling to develop concrete instructional practices that meet the learning needs of the lowest achieving readers

Learning and Leading for Transdisciplinary Literacy through Multi-Tiered Systems of Support Mary E. Little, Enrique A. Puig, 2025-05-15 This comprehensive guide gives an overview of Multi Tiered Systems of Support MTSS for K 12 teacher leaders and other school professionals with practices toward achieving transdisciplinary success for lifelong literacy in

schools MTSS is a holistic teacher leadership approach that focuses on transdisciplinary networks of instruction and intervention For MTSS to be effective teacher colleagues and teacher leaders need to be prepared to understand the complexities of the systems and the multiple tiers of support needed within each system as well as their roles in the process This book details an illustrative list of tiers for seven systems within an MTSS framework including multi tiered systems for Assessment and Evaluation Professional Learning e g literacy coaches literacy leadership teams online offline professional learning Family Engagement e g newsletters parent nights parent workshops Parent Teacher Associations Transdisciplinary Curriculum Content e g media centers leveled book rooms schools districts and state resource teachers Community Engagement e g social services school outreach counseling services health services Distributive Teacher Leadership e g School Advisory Committee college university courses professional pathways Response to Intervention Instruction With examples of instructional practices connections to researched resources and implementational plans this book will be useful for teacher leaders literacy coaches and curriculum leaders as well as school board officials and school administrators to leverage their knowledge and skills for transdisciplinary literacy learning in their schools Leveled Reading, Leveled Lives Timothy Shanahan, 2025-07-28 An engaging and evidence based examination of how reading instruction has been misinterpreted and misapplied for decades and how to right the course to improve reading skills for all students In Leveled Reading Leveled Lives leading literacy expert Timothy Shanahan curates a lively tour of the history of reading instruction in the United States arguing that the most popular reading instruction method is failing students and suppressing their literacy achievement He breaks down the reasons why teachers and researchers alike have favored this accepted wisdom known as instructional level theory in US schools over the past five decades and presents a compelling case for a new way forward that will bolster students reading skills Today it s not uncommon to find students in a fourth grade classroom reading books suitable for third second or even first graders Teachers suggest books to students at their deemed instructional levels but how these instructional levels are determined is suspect With a comprehensive critical analysis of instructional level pedagogy Shanahan exposes its shaky foundations and shows how faulty research findings have become so entrenched He gathers an extensive body of research studies that overwhelmingly contradict the instructional level theory and offers an evidence based consideration of how educators must instead use grade level reading to bring about maximum learning gains This seminal book concludes with practical advice for implementing grade level reading instruction including detailed descriptions of the types of instruction and scaffolding needed to increase students reading achievement from teaching decoding and challenging texts to scaffolding reading to maintaining motivation Shanahan asserts that a better approach can ensure that all students have an opportunity to leave high school with reading abilities commensurate with their personal social civic and economic goals **Reading for Profit** Bess Altwerger, 2005 Lead your practice your school or your district toward a return to professionalism and away from faceless literacy programs designed with dividends in mind Get informed
