The Future of the Nineteenth-Century Dream-Child Amy Billone, 2016-06-10 This book investigates the reappearance of the 19th century dream child from the Golden Age of Children's Literature both in the Harry Potter series and in other works that have reached unprecedented levels of popular success today. Discussing Harry Potter as a reincarnation of Lewis Carroll's Alice and J. M. Barrie's Peter Pan, Billone goes on to examine the recent resurrection of Alice in Tim Burton's Alice and of Peter Pan in Michael Jackson and in James Bond. Visiting trends that have emerged since the Harry Potter series ended, the book studies revisions of the dream child in texts and films that have inspired mass fandom in the twenty first century. Stephenie Meyer's Twilight, E. L. James's 50 Shades of Grey and Suzanne Collins's The Hunger Games. The volume argues that the 21st century desire to achieve dream states in relationship to eternal youth results from the way that dreams provide a means of realizing the fantastic yet alarming possibility of escaping from time. This current

identification with the dream child stems from the threat of political unrest and economic and environmental collapse as well as from the simultaneous technophilia and technophobia of a culture immersed in the breathless revolution of the digital age. This book not only explores how the dream child from the past has returned to reflect misgivings about imagined dystopian futures but also reveals how the rebirth of the dream child opens up possibilities for new narratives where happy endings remain viable against all odds. It will appeal to scholars in a wide variety of fields including Childhood Studies, Children's YA Literature, Cinema Studies, Cultural Studies, Cyberculture, Gender Studies, Queer Studies, Gothic Studies, New Media and Popular Culture.

Postfeminism and Contemporary Vampire Romance Lea Gerhards, 2022-05-19 In this book, Lea Gerhards traces connections between three recent vampire romance series: the Twilight film series (2008-2012), The Vampire Diaries (2009-2017), and True Blood (2008-2014), exploring their tremendous discursive and ideological power in order to understand the cultural politics of these extremely popular texts. She uses contemporary vampire romance to examine postfeminist ideologies and discuss gender, sexuality, subjectivity, agency, and the body. Discussing a range of conflicting meanings contained in the narratives, Gerhards critically looks at genre's engagement with everyday sexism and violence against women, power relations in heterosexual relationships, sexual autonomy and pleasure, self-empowerment and self-surveillance. She asks: Why are these genre texts so popular right now? What specific desires, issues, and fears are addressed and negotiated by them, and what kinds of pleasures do they offer?
