What is Empty Space? Doug Domke,2016-04-13 Why ask what empty space really is It is the nature of space itself that seems to be at the heart of the mysteries in physics and cosmology today Einstein also told us that space is a something He showed it could be stretched and warped when he published General Relativity in 1915 But over the last one hundred years the nature of empty space has continued to become more mysterious and confusing We ve learned a lot about the Universe in the last one hundred years We ve even learned a lot about the nature of empty space But we still have a lot more to learn That is the subject of this book A Brief History of Digital Electronics Doug Domke, **What's Inside the Black Box?** Doug Domke,2014-06-05 Technology is all around us today and for most of us the inner workings are incomprehensible What you might not know is that most of the inner workings are incomprehensible to even the people who designed them That s because modern technology is the result of collective intelligence where one person may make a significant contribution but doesn t know and doesn t need to know how the complete system works We get great technology by compartmentalizing complex technological challenges One guy figures out how a certain input generates a specific output Once that s done everyone can use it The inner workings can remain unknown to everyone else It s what s known as a black box In this book we will examine a number of items you use every day like your microwave oven digital camera or automatic transmission We ll take them apart and see how they work Then you will know What s Inside the Black Box Official Gazette of the United States Patent Office United States.
