Whatever Happened To Justice:

Whatever Happened to Justice? Rick Maybury,1993 Examines law and its connections with economics discussing such areas as legal ethics higher law natural law and common law Where Has Social Justice Gone? Emmanuelle Barozet,Ivan Sainsaulieu,Régis Cortesero,David Mélo,2022-07-01 This book uses survey data in hot spots around the globe to analyse various models of social justice particularly the principle of equality from a pragmatic perspective Starting with ordinary actors social movements and concrete contexts the authors question foundations of social and political democracy in our times They focus on how social actors deal with the principles of justice and judgments of justice at work and in their social lives The book suggests that the increase in social inequalities in recent decades contrasts with the blurring of the aims of social justice At a time when the reconsideration of politics largely depends on its relevance to and aspirations for social justice the authors of this book question contemporary developments by illustrating its variety according to specific historical institutional social and organizational contexts The book will be useful to students and scholars in the social sciences especially those interested in moral questions regarding social justice from an empirical and practical point of view

Justice Helena Whalen-Bridge,2022-10-06 Includes papers presented as a conference in SIngapore in 2017 ECIP acknowledgments Comparative Restorative Justice Theo Gavrielides,2021-09-20 This edited collection introduces and defines the concept of comparative restorative justice putting it in the context of power relations and inequality It aims to

Kappeler, Gary W. Potter, 2017-07-18

The social construction of crime is often out of proportion to the threat posed The media and advocacy groups shine a spotlight on some crimes and ignore others Street crime is highlighted as putting everyone at risk of victimization while the greater social harms from corporate malfeasance receive far less attention Social arrangements dictate what is defined as crime and the punishments for those who engage in the proscribed behavior Interest groups promote their agendas by appealing to public fears Justifications often have no basis in fact but the public accepts the exaggerations and blames the targeted offenders The net widening effect of more laws and more punishment catches those least able to defend themselves This innovative alternative to traditional textbooks provides insightful observations of myths and trends in criminal justice Fourteen chapters challenge misconceptions about specific crimes or aspects of the criminal justice system Kappeler and Potter dissect popular images of crimes and criminals in a cogent compelling and engaging manner They trace the social construction of each issue and identify the misleading statistics and fears that form the basis of myths and the collateral damage of basing policies on mythical beliefs The authors encourage skepticism about commonly accepted beliefs offer readers a fresh perspective and urge them to analyze important issues from novel vantage points

Access to Justice in Arbitration Leonardo de Oliveira, Sara Hourani, 2020-11-17 Access to Justice in Arbitration Concept Context and Practice Edited by Leonardo V P de Oliveira ramifications of arbitration clauses in contracts ensuring fairness and efficiency arising from technological innovations applied to arbitration legal framework applicable to online dispute resolution and blockchain based arbitration especially with regard to recognition and enforcement and access to justice in arbitrations involving sexual harassment The book concludes with three chapters on access to justice under the rules of arbitral institutions as revealed by studies of the World Intellectual Property Organisation the Singapore International Arbitration Centre and the International Centre for Settlement of Investment Disputes Arbitration provides a final binding decision that can be challenged on very limited grounds thus with arbitration settling disputes that were originally a prerogative of the judiciary securing fairness in such procedures is paramount to the survival of arbitration For this reason arbitration practitioners institutions and academics will appreciate this deeply informed analysis and commentary on a

crucial aspect of a highly significant and rapidly evolving area of practice Access to Justice for Disadvantaged Communities Mayo, Marjorie, Gerald Koessler, Matthew Scott, Imogen Slater, 2015-09-09 EPUB and EPDF available Open Access under CC BY NC ND licence This unique study explores how strategies to safeguard the provision of legal advice and access to welfare rights to disadvantaged communities might be developed in ways that strengthen rather than undermine the basic ethics and principles of public service provision Access to Justice in Magistrates' Courts Lucy Welsh, 2022-01-27 This book examines access to justice in summary criminal proceedings by considering the ability of defendants to play an active and effective role in the process Access to justice refers not just to the availability of legally aided representation but also to the ability of defendants to understand and effectively participate in summary criminal proceedings more generally It remains a vital principle of justice that justice should not only be done but should also be seen to be done by all participants in the process The book is based on socio legal research The study is ethnographic based on observation conducted in four magistrates courts in South East England and interviews with both defence lawyers and Crown prosecutors Setting out an argument that defendants have always been marginalised through particular features of magistrates court proceedings such as courtroom layout and patterns of behaviour among the professional workgroups in court the political climate in relation to defendants and access to justice that has persisted since 2010 has further undermined the ability of defendants to play an active role in the process Ultimately this book argues that recent governments have demanded ever more efficiency and cost saving in criminal justice In that context principles that contribute to access to justice for defendants have been seriously undermined **Problem-Solving Courts, Criminal Justice, and the International Gold Standard** Anna Kawalek, 2021-01-03 This book presents findings from a process evaluation carried out at a problem solving court located in England Manchester Review Court Unlike the widely documented successes of similar international models there is no detail of Manchester Review Court in the accessible literature not in any policy document nor is there a court handbook or website outlining objectives and expected practice In adopting the seminal wine and bottle analytical framework propounded by therapeutic jurisprudence scholars and by carrying out a detailed comparative analysis comparing the court to successful international problem solving courts the original empirical data brings clarity to an overlooked area A fidelity analysis is also offered for the forerunning English and Welsh drug courts which were established during the early 2000s but then shortly fell by the wayside without satisfactory explanation for why Findings from the book shed new light on the causes of the English and Welsh drug court downfalls pending recent calls to roll out a fresh suite of problem solving courts In light of the international evidence base and national struggles in the field the book proposes a renewed UK specific fidelity matrix to forge the impetus for new practice in this area whilst accounting for past failures and acknowledging current issues Therefore this book not only breaks new ground by advancing knowledge of a significantly uncharted area but provides important inroads for helping policymakers with their strategies in tackling recidivism addiction victimisation and austerity

as widespread social and human issues currently facing both Manchester and the UK more broadly Presenting significant advancements in theory policy and practice at both national and international scale the book will be a valuable resource for academics and practitioners working in the fields of Therapeutic Justice Criminal Law Criminology Criminal Justice and Socio Legal Studies

Leading Works in Law and Social Justice Faith Gordon, Daniel Newman, 2021-03-23 This book assesses the role of social justice in legal scholarship and its potential future development by focusing upon the leading works of the discipline The rise of socio legal studies over recent decades has led to a more interdisciplinary approach to the study of law which prioritises placing law into its wider social context Recognising the role that culture economics and politics play in the development of law is important in order to fully understand the position and impact of law in society Innovative and written in an engaging way this collection includes leading and emerging scholars from across the world Each contributor has been invited to select and analyse a leading work a publication which has for them shed light on the way that law and social justice are interlinked and has influenced their own understanding scholarship advocacy and in some instances activism The book also includes a specially written foreword and afterword which critically reflect upon the contributions of the leading works to consider the role that social justice has played in law and legal education and the likely future path for social justice in legal scholarship This book will be an essential resource for all those working in the areas of social justice socio legal studies and legal philosophy It will be of wider interest to the social sciences more generally

Civil Justice Reconsidered Steven P. Croley, 2017-08-22 In *Civil Justice Reconsidered* Steven Croley demonstrates that civil litigation is for the most part socially beneficial An effective civil litigation system is accessible to parties who have suffered legal wrongs and it is reliable in the sense that those with stronger claims tend to prevail over those with weaker claims However while most of the system's failures are overstated they are not wholly off base civil litigation often imposes excessive costs that among other unfortunate consequences impede access to the courts and Croley offers ways to reform civil litigation in the interest of justice for potential plaintiffs and defendants and for the rule of law itself Publisher's web site viewed February 10 2017

Transitional Justice and Reconciliation Martina Fischer, Olivera Simic, 2015-11-06 Scholars and practitioners alike agree that somehow the past needs to be addressed in order to enable individuals and collectives to rebuild trust and relationships However they also continue to struggle with critical questions When is the right moment to address the legacies of the past after violent conflict How can societies address the past without deepening the pain that

arises from memories related to the violence and crimes committed in war How can cultures of remembrance be established that would include and acknowledges the victims of all sides involved in violent conflict How can various actors deal constructively with different interpretations of facts and history Two decades after the wars societies in Bosnia Serbia and Croatia albeit to different degrees are still facing the legacies of the wars of the 1990s on a daily basis Reconciliation between and within these societies remains a formidable challenge given that all three countries are still facing unresolved disputes either at a cross border level or amongst parallel societies that persist at a local community level This book engages scholars and practitioners from the regions of former Yugoslavia as well as international experts to reflect on the achievements and obstacles that characterise efforts to deal with the past Drawing variously on empirical studies theoretical discussions and practical experience their contributions offer invaluable insights into the complex relationship between transitional justice and conflict transformation *Justice in San Francisco* Barbara E.
