When I Was Five I Killed Myself:

When I Was Five I Killed Myself Howard Buten, 2014-07-01 A graceful and brilliant novel leads the reader on a journey through childhood autism that proves enlightening as well as fascinating ForeWord Magazine Burton Rembrandt has the sort of perspective on life that is almost impossible for adults to understand the perspective of an eight year old And to Burt his parents and teachers seem to be speaking a language he cannot understand This is Burt s story as written in pencil on the walls of the Quiet Room in the Children s Trust Residence Center where he lands after expressing his ardent feelings for a classmate It begins When I was five I killed myself In this rediscovered modern classic from one of France s best loved contemporary writers Howard Buten renders with astounding insight and wry language the tale of a troubled or perhaps just perfectly normal young boy testing the boundaries of love and life Time Buten uses his wit like a whip to get at the heart of this boy s own story bringing some shock and some power to that delicate line between youth and the rest of the world The Austin Chronicle This psychologically intense tale moves quickly and the difficult task of creating a child s voice with authenticity and depth proves Buten a gifted stylist and storyteller an imaginative and provocative book Publishers Weekly starred review Certainly Buten offers some insight into a troubled child s mind The New York Times Book Review **Burt**

(or, When I was Five I Killed Myself) Teddi Yaeger, 2001 *The Men Who Killed Me* Anne-Marie, 2012-03-23 In the 100 days of genocide that ravaged Rwanda in 1994 one million people were killed and as many as 500 000 women and girls were raped No one was spared Grandmothers were raped in front of their grandchildren young girls witnessed their families being massacred before being taken as sex slaves Nearly all the women who survived were victims of sexual violence or were profoundly affected by it An astounding 70 percent are HIV positive In Rwanda s social and cultural climate survivors who speak out face discrimination and isolation The Men Who Killed Me features testimonials from 17 Rwandan survivors Through their narratives and Samer Muscati s powerful portraits of them these 16 women and one man bear witness not only to the crimes they and their countrymen endured but to the incredible courage that has allowed them to survive and flourish

Stress Almost Killed Me, Literally Rebecca Belschner, 2025-04-01 I m stressed out and I am so tired have become two common phrases in our conversations today With the path our society is taking today it is no wonder why Unfortunately that chronic unwavering stress that so many are suffering from can and will lead to a multitude of potential illnesses which affect every system of our body This book opens with a chapter on the biology of burnout and ends with multiple ways you can prevent burnout In the middle it intertwines my own personal story which resulted in burnout that literally stopped my life as I knew it with what is happening in today s society that is contributing to stress and burnout If you are feeling stressed and or tired most of the time agree the status of society today is directly affecting your level of stress and want to do something about it then this book is for you It just may save your life **When I Was Someone Else** Stéphane Allix, 2021-02-16 A journalist s profound investigation into the reality behind an intense waking vision and the search for healing after death

Details the author's vivid waking vision of a dying German soldier in World War II and how he discovered the soldier was a real person including his research into German military archives and meeting the man's surviving family members Explores synchronicities reincarnation and communication across the veil between life and death Reveals how the author helped the dead soldier find forgiveness and healing While on a spiritual retreat in Peru journalist Stéphane Allix experienced a vivid waking vision of a soldier dying on a snowy battlefield followed by scenes from the soldier's earlier life He also clearly saw the man's name Alexander Herrmann and felt a disturbing sense of closeness with the soldier Obsessed by the power of this extremely real vision Allix began an intensive investigation that revealed this individual had actually existed a German soldier who died in World War II during the 1941 Russian campaign As he began retracing Herrmann's past he found that the other images accompanying the battle scene were also of people who had truly existed and were close to the man who died Diving deep into German military archives meeting the man's surviving family members and following his own intuitive hunches the author also discovered that the soldier was part of the Waffen SS the infamous Totenkopf Brigade and his investigation broadened to explore what drove Herrmann to become part of such an organization While Allix's initial impression is that this German soldier was a past life as he progresses in his rigorous investigation and his decoding of the events surrounding it he realizes that it was actually his own work with the paranormal and his unresolved feelings over the death of his brother and his father that made him particularly sensitive to the veil between life and death culminating in the soul of this dead soldier coming to him in search of forgiveness and healing Allix realizes that his mission is not to bring about the rebirth of this person but to heal him and the victims of his ignominious actions during the war Offering a fascinating exploration of visions synchronicities reincarnation and the connections between the spiritual and physical planes *When I Was Someone Else* shares a powerful message of healing after death along with the profound epiphany that light needs darkness to be perceived

Clay in the Potter's Hands Rudy Clay, Rudy and Lois Clay and Sheran Summers, 2010-09-07 Set amid the Great Depression and World War II a young man and a young woman from two completely different worlds meet only twice before they start writing to each other during the war The letters bring romance but the atrocities of war change the gentle man Will he be the man she falls in love with and together can they erase the painful memories of the war that still haunt him The coal mining towns and steel mills of Southwestern Pennsylvania provide the backdrop for this love story that spans almost a century from the 1920s into 2010 Take a ride as young Rudy hot rods with his grandfather's horse and buggy and wins the heart of his beloved Lois as they grow into the man and woman they were meant to become Follow their footsteps and watch the divine Potter at work gently turning the clay on His potter's wheel forming vessels full of love and warmth hope and passion as these two young people overcome their differences and start making history of their own *When the Killer Man Comes* Paul Martinez, George Galdorisi, 2018-10-16 The thrilling combat memoir by special operations sniper Paul Martinez who spent seven years in Special Operations and was a sniper assigned to 3rd Ranger Battalion America has one force with

the single mission of direct action to capture or kill the enemy That force is the 75th Ranger Regiment Staff Sergeant Paul Martinez was a Ranger Sniper with the 75th Rangers during the desperate fighting in Afghanistan in 2011 when the United States made the decision to try to withdraw from Afghanistan It was never going to be easy There were still a large number of senior Taliban and al Qaeda leaders and other terrorists in secure locations throughout that country If the United States withdrew from Afghanistan with these terrorists and their networks still intact they could quickly take over the country and undo all the gains that we made These terrorists needed to be eliminated and there was only one force to do it the Rangers The mission was to capture or kill as many of these terrorists as possible Paul Martinez was one of the deadliest snipers assigned to this unit dubbed Team Merrill after the Marauders of World War II fame Martinez and his fellow Rangers faced near impossible odds taking on an enemy who knew they were coming and who employed every conceivable tactic to kill these Rangers In When the Killer Man Comes Martinez tells the harrowing true story of how he and his team hunted America's enemies in an operation that would have repercussions that are still felt today Love Me Little Love Me Long Charles Reade,1890 **Kuraj** Silvia di Natale,2005-01-01 The daughter of a clan chieftain of Tushan nomads in 1930s Central Asia Naja's life is changed forever when her father an ardent opponent of Stalin decides to join forces with the invading Germans forcing Naja to adapt to a strange new culture until she sets out to recover her past on the steppes Original 20 000 first printing **The Homoeopathic World**,1894 **I Was a Virgin When I Married Him but He Caused Me to Be Treated like a Prostitute** Vicksay Baby Moten-Richardson,2022-03-07 My name is Vicksay Baby Moten Richardson I am the last of fourteen children I realize now why I am so different in so many ways not in a bragging way but in a way that God has laid it on my heart to share my life in this book Not too many people are named Baby It was not until I was eighteen and graduating from high school when I revealed that my middle name was Baby When the principal of the school called my name and I walked up to get my diploma it took over ten minutes to stop the class of 1974 from laughing What a wonderful memory that was For many years I felt like I was a nobody even though forty two years ago I bought a new home when I was twenty two years old with my sister and she still lives there to this day I was voted most likely to succeed I completed high school in three years instead of four I was number fifty six in a class of 560 grade wise I would have ranked higher but because I was graduating a year earlier it caused my ranking to be calculated differently from the students who had attended high school for four years I received three four year scholarships to the University of Arizona I completed a twenty four month computerized accounting program in eighteen months while raising four extremely sickly and one very difficult foster child and while running a full time day care from my home I took twenty four classes in those eighteen months and received twenty three As and one B Of course I give God the glory because He is the only one who gives us strength I was a straight A student Since I was in first grade I have always assisted children with learning disabilities However the one thing that I am proudest of was that I married a virgin Inside I was this sad and disappointed little girl that I thought no one would love or

care for And one more thing that I am proud of is that with the only two men I have been intimate with in my whole sixty four years of life I took my wedding vows first But that same person whom I just told about filed bankruptcy several times moved over fifty times and lost over fifteen cars and over forty jobs all because of pride disobedience to God and letting people speak negativity into my life It is very difficult to share your weakness with the world and those whom you love and know But it is more liberating to know that my story is going to help many people especially women not to make the mistakes I have made

Hampton's Magazine ,1909 **The AIDS Generation** Perry N. Halkitis,2013-10-15 For young gay men who came of age in the United States in the 1980s the HIV AIDS epidemic was a formative experience in fear hardship and loss Those who were diagnosed before 1996 suffered an exceptionally high rate of mortality and the survivors both the infected individuals and those close to them today constitute a bravest generation in American history The AIDS Generation Stories of Survival and Resilience examines the strategies for survival and coping employed by these HIV positive gay men who together constitute the first generation of long term survivors of the disease Through interviews conducted by the author it narrates the stories of gay men who have survived since the early days of the epidemic documents and delineates the strategies and behaviors enacted by men of this generation to survive it and examines the extent to which these approaches to survival inform and are informed by the broad body of literature on resilience and health The stories and strategies detailed here all used to combat the profound physical emotional and social challenges faced by those in the crosshairs of the AIDS epidemic provide a gateway for understanding how individuals cope with chronic and life threatening diseases Halkitis takes readers on a journey of first hand data collection the interviews themselves the popular culture representations of these phenomena and his own experiences as one of the men of the AIDS generation This riveting account will be of interest to health practitioners and historians throughout the clinical and social sciences or to anyone with an interest in this important chapter in social history Cover photo courtesy of Fire Island Pines Historical Preservation Society
