**A Digest of New York Statutes and Reports** ,1884      Reshaping the World Ernesto Castañeda,2021-03-16 This volume provides information and analyses to better grasp the social implications of geographical borders as well as the individuals who travel between them and those who live in border regions Sociologists anthropologists philosophers linguists and scholars of international relations and public health are just some of the authors contributing to Rethinking Borders The diversity in the authors disciplines and the topics they focus on exemplify the intricacies of borders and their manifold effects This openness to so many schools of thought stands in contrast to the solidification of stricter borders across the globe The contributions range from case studies of migrants sense of belonging and safety to theoretical discussions about migration and globalization from empirical studies about immigrant practices and exclusionary laws to ethical concerns about the benefits of inclusion It is timely that this collective work is published in the middle of a pandemic that has affected every single part of the world Unprecedented border closures and stringent travel restrictions have not been enough to contain the virus entirely As COVID 19 shows diseases ideas and xenophobic and racist discourses know no borders Plans that transcend borders are vital when dealing with global threats such as climate change and pandemics      Policing and Boundaries in a Violent Society Guy Lamb,2022-01-31 This book explores how social and territorial boundaries have influenced the approaches and practices of the South Africa Police Service SAPS By means of a historical analysis of South Africa this book introduces a new concept police frontierism which illuminates the nature of the relationships between the police policing and boundaries and can potentially be used for future case study research Drawing on a wealth of research this book examines how social and territorial boundaries strongly influenced police practices and behaviour in South Africa and how social delineations amplify and distort existing police prejudices against those communities on the other side of the boundary Focusing on cases of high density police operations public order policing and the recent policing of the COVID 19 lockdown this book argues that poor economic conditions combined with an increased militarisation of the SAPS and a decline in public trust in the police will result in boundaries continuing to fundamentally inform police work in South Africa This book will be of interest to scholars and students interested in policing in post colonial societies characterised by high levels of violence as well as police work and police militarization      **Environmental Crime and Social Conflict** Avi Brisman,Nigel South,Rob White,2016-03-09 This impressive collection of original essays explores the relationship between social conflict and the environment a topic that has received little attention within criminology The chapters provide a systematic and comprehensive introduction and overview of conflict situations stemming from human exploitation of environments as well as the impact of social conflicts on the wellbeing and health of specific species and ecosystems Largely informed by green criminology perspectives the chapters in the book are intended to stimulate new understandings of the relationships between

humans and nature through critical evaluation of environmental destruction and degradation associated with social conflicts occurring around the world. With a goal of creating a typology of environment social conflict relationships useful for green criminological research, this study is essential reading for scholars and academics in criminology as well as those interested in crime law and justice.
