As you journey with me through a few of my personal experiences, I will utilize several parts of the human anatomy, such as the cardiovascular system, as a metaphor to transparently discuss relevant PowerPoints, such as matters of the heart. As the circulatory system's function is to transport the blood throughout the body, women, we deal with various issues of life that cause us to silently scream simply because we are bleeding while leading. This novel offers strategies to combat blood disorders such as persecution, rejection, brokenness, and betrayal that try to block our flow. As the lymphatic system fights infection, leading ladies, you must understand that anything worth having won't come easy, but you will have to fight for it. The largest organ in the human body is the skin. Leading ladies, if you are going to break glass ceilings, you have to develop a thick skin. As the bones give the body posture, I admonish women and men alike in leadership roles that challenges will come, but if you remain postured in your faith, you can conquer anything.
