Scales,2015-04-14 Pat Scales has been a passionate advocate for intellectual freedom long before she

launched the Scales on Censorship column with School Library Journal in 2006. Decades of experience as a school librarian informs her ongoing work on these important and often volatile issues as did her tenure in leadership roles on the American Library Association's Intellectual Freedom Committee and at the Freedom To Read Foundation. It also earned her a place among the inaugural list of Library Journal's Movers Shakers in 2002. Since her first column for SLJ, she has been in an ongoing conversation of sorts with librarians, teachers, and parents—a much-needed conversation. This collection of the wide-ranging questions from readers and Scales' informative answers are gathered in broad thematic groups to help readers explore the all-too-daily reality of confronting efforts to censor, ban, or otherwise limit open and ready access to materials in our schools and libraries. They were all written in response to active book challenges or questions of intellectual freedom and library ethics. These columns have a ripped-from-the-headlines immediacy even as they reflect the core values and policies of librarianship. They are organized by topic and each is framed with a brief new introductory essay. Scales' powerful reputation and practical, ethically based solutions has made her a key spokesperson and support for librarians working under a censorship siege. Her passionate, unwavering voice provides valuable strategic and tactical approaches to censorship, fine-tuned insight into individual books often challenged, and critical moral support for managing trying conversations. Scales is focused throughout on fostering a culture that embraces and understands the importance of intellectual freedom and the tools to make it a reality every day in our libraries, schools, and communities. Learn from her to build a background in the ethics involved in defending intellectual freedom and lean on her for insights into real-life situations. *Scales on Censorship* is an essential ally in the ongoing fight.

Teaching Young Adult Literature Today Judith A. Hayn, Jeffrey S. Kaplan, Karina R. Clemmons, 2016-11-02. *Teaching Young Adult Literature Today* introduces the reader to what is current and relevant in the plethora of good books available for adolescents. More importantly, literary experts illustrate how teachers everywhere can help their students become lifelong readers by simply introducing them to great reads: smart, insightful, and engaging books that are specifically written for adolescents. Hayn, Kaplan, and their contributors address a wide range of topics: how to avoid common obstacles to using YAL; selecting quality YAL for classrooms while balancing these with curriculum requirements; engaging disenfranchised readers; pairing YAL with technology as an innovative way to teach curriculum standards across all content areas. Contributors also discuss more theoretical subjects such as the absence of lesbian, gay, bisexual, transgender, and questioning LGBTQ young adult literature in secondary classrooms and contemporary YAL that responds to the changing expectations of digital generation readers who want to blur the boundaries between page and screen. This book has been updated to reflect the wealth of new YA literature that has been published since the first edition appeared in March 2012 and to reflect new trends in technology that influences how adolescents are reading and responding to literature.
