Whats So Great About America Dinesh Dsouza:

What's So Great About America Dinesh D'Souza, 2012-11-20 With What s So Great About America Dinesh D Souza is not asking a question but making a statement The former White House policy analyst and bestselling author argues that in the aftermath of September 11 2001 American ideals and patriotism should not be things we shy away from Instead he offers the grounds for a solid well considered pride in the Western pillars of science democracy and capitalism while deconstructing arguments from both the political Left and political Right As an outsider from India who has had amazing success in the United States D Souza defends not an idealized America but America as it really is and measures America not against an utopian ideal but against the rest of the world in a provocative challenging and personal book **Dinesh D'Souza's What's So Great About America** Harold Palmer, 2016-04-15 Is America a nation like any other with a past marked by injustice and oppression Or is America a shining city on a hill marked by exceptionalism one where the lamp of liberty and democracy burns brightly Dinesh D Souza has written What s So Great About America to respond to America s critics who deny that there is anything unique about America These critics include multiculturalists who allege historical racism and the oppression of minorities Western leftists who see America as a force of evil Third World intellectuals who deplore the legacy of colonialism and Islamic fundamentalists who view America as culturally decadent and morally corrupt In answering these critics D Souza argues that America is not only good but that it is great indeed it is the embodiment of freedom s ideal D Souza makes a strong case for America arguing that it is a free and prosperous society with unlimited opportunity for those seeking a better life Yet despite his enthusiasm for America his treatment of America s sins is unsatisfactory one sided and does not result in the vindication of America from the claims of her critics In his response to Dinesh D Souza s What s So Great About America Harold Palmer highlights America s three great sins i the oppression of the Native Americans ii slavery and iii historic discrimination of African Americans and other minorities Mr Palmer argues that D Souza fails to adequately respond to the accounts of America s critics with respect to any of these great sins or to the views of cultural conservatives who deplore America as culturally decadent and morally degenerate Finally in this volume Mr Palmer argues that D Souza fundamentally misunderstands the meaning of greatness In his constant repetition of the fact that America permits for economic opportunity D Souza forgets that greatness is not about material prosperity but about virtue temperance and justice Notwithstanding D Souza s incessant focus on wealth greatness can only ever be an attribute of a virtuous and upright society regardless of its material prosperity **Obama's America** Dinesh D'Souza, 2014-07 Argues that President Obama intends to weaken America so that other nations may rise in the name of global fairness claiming that a second Obama term would bring about defense cuts and increased dependence on foreign energy **America** Dinesh D'Souza, 2014-06-02 1 New York Times Bestseller Is America a source of pride as Americans have long held or shame as Progressives allege Beneath an innocent exterior are our lives complicit in a national project of theft expropriation oppression and murder or is

America still the hope of the world Dinesh D Souza says these questions are no mere academic exercise It is the Progressive view that is taught in our schools that is preached by Hollywood and that shapes the policies of the Obama administration If America is a force for inequality and injustice in the world its power deserves to be diminished if traditional America is based on oppression and theft then traditional America must be reformed and the federal government can do the reforming In America Imagine a World without Her D Souza offers a passionate and sharply reasoned defense of America knocking down every important accusation made by Progressives against our country Provocative in its analysis stunning in its conclusions Dinesh D Souza s America is a new classic

Why America is Such a Hard Sell Juliana Geran Pilon,2007 Why does America consistently receive such low ratings in opinion polls around the world The answer as Pilon explains lies not just in America s overtly forceful actions but in the construction and presentation of its self image Scholars and policymakers alike will find Why America Is Such a Hard Sell both a penetrating analysis of America s current efforts in public diplomacy and a prescription for delivering a more appealing self portrait to the world

Authenticity James H. Gilmore,B. Joseph Pine II,2007-10-18 Contrived Disingenuous Phony Inauthentic Do your customers use any of these words to describe what you sell or how you sell it If so welcome to the club Inundated by fakes and sophisticated counterfeits people increasingly see the world in terms of real or fake They would rather buy something real from someone genuine rather than something fake from some phony When deciding to buy consumers judge an offering s and a company s authenticity as much as if not more than price quality and availability In Authenticity James H Gilmore and B Joseph Pine II argue that to trounce rivals companies must grasp manage and excel at rendering authenticity Through examples from a wide array of industries as well as government nonprofit education and religious sectors the authors show how to manage customers perception of authenticity by recognizing how businesses fake it appealing to the five different genres of authenticity charting how to be true to self and what you say you are and crafting and implementing business strategies for rendering authenticity The first to explore what authenticity really means for businesses and how companies can approach it both thoughtfully and thoroughly this book is a must read for any organization seeking to fulfill consumers intensifying demand for the real deal

Chestone, 2009-03 This book speaks loud and clear about the meaning of American Patriotism It is my sincere belief that if we are to remain a free and strong democracy as one Nation under God we must without the slightest doubt Pledge Allegiance to America We must stand united determined to identify and expose the Anti Americans within our country who have total disregard for the labors of Our Founding Fathers The enemy exists within our society as both individuals and as well funded organizations constantly chipping away at our Declaration of Independence and Constitution with fierce determination to change our form of government They are intent on eliminating any reference to GOD regardless of how when and where knowing that the majority of our citizens are of the Judeo Christian belief We are Christians and Jews and people of every faith who believe in God who will unite to resist the enemies whose purpose it is to deny us of our freedom and strip us of our freedom to worship God as we desire As united believers in God we must make certain that our lawmakers do not succumb to the demands of the enemy within and their constant rabble rousing methods aimed at the destruction of Our Heritage Our Culture and Our Form of Government *Why the Left Hates America* Daniel J. Flynn, 2004-09-07 The American flag stands for hatred warmongering and imperialism Our free market system is responsible for killing and oppressing millions of people This country breeds racists and sexists Is America really that bad It is if you accept the lies and propaganda from the anti American Left in our own country This dismal distorted view of the greatest freest nation in history comes from a Left who would rather idolize Ho Chi Minh and Fidel Castro than honor George Washington and Thomas Jefferson who burn down businesses and destroy property to protest free markets and who fight alongside radical terrorists rather than against them They trample the Constitution while hiding behind the First Amendment and their idea of displaying the American flag is setting it on fire and parading it through the streets Yes this is a Left comprised of people who truly hate their country and they will stop at nothing to tear her down smashing our liberty in the process Why the Left Hates America punches a hole right through the thin veneer of political correctness that has long protected these anti Americans exposing their rotting vacuous core Author and commentator Daniel J Flynn digs deep into the American Left and reveals why they blame every bad deed in the world on the United States while ignoring her myriad contributions This book cogently points out that of course all Americans have the right to speak their minds But all too often the actions by the anti American Left become destructive and anarchistic You need not look any further than the explosive 1999 World Trade Organization protests in Seattle campus book burnings or even John Walker Lindh to see that factions on the Left are the worst perpetrators of anti Americanism And what may be most shocking is that many of these anti Americans

are at the same time teachers professors journalists news reporters and even judges and politicians Probing and controversial without devolving into jingoism this book proves once and for all that what you see in the news and learn in school is often tainted by the anti American Left and it shows you what you can do to keep them at bay A New Vision, a New Heart, a Renewed Call David Claydon,2005 *Caught in the Crossfire* Lawrence Grossberg,2015-12-03 Caught in the Crossfire reveals how the United States has been gradually changing from a society that celebrates childhood into one that is hostile to and afraid of its own children Today kids are often seen as a threat to our social and moral values In schools some behavior is criminalized and growing numbers of kids find themselves in penal and psychiatric confinement This breakdown is often too readily attributed to bad parenting the crisis of the family or the greed of capitalism Grossberg offers a new and original understanding of the changes transforming contemporary America and of the choices Americans face about their future He documents the relations between economic ideologies and economic realities and explores what is going on in the culture wars as well as on the Internet and other new media Caught in the Crossfire argues that all of these changes and struggles including those involving the state of kids only make sense as integral parts of a larger transformation to define America s uniqueness and to develop its own sense of modern culture Part of the Cultural Politics and the Promise of Democracy Series **Racial Justice in the Age of Obama** Roy L. Brooks,2009-08-03 How America can achieve greater racial equality in the post civil rights era With the election of Barack Obama as the first black president of the United States the issue of racial justice in America occupies center stage Have black Americans finally achieved racial justice Is government intervention no longer required Racial Justice in the Age of Obama considers contemporary civil rights questions and theories and offers fresh insights and effective remedies for race issues in America today While there are now unprecedented opportunities for talented African Americans Roy Brooks shows that lingering deficiencies remain within the black community Exploring solutions to these social ills Brooks identifies competing civil rights theories and perspectives organizing them into four distinct categories traditionalism reformism limited separation and critical race theory After examining each approach Brooks constructs the best civil rights theory for the Obama phase of the post civil rights era Brooks supports his theoretical model with strong statistics that break down the major racial groups along such demographics as income and education He factors in the cultural and structural explanations for the nation s racial divisions and he addresses affirmative action the failures of integration the negative aspects of black urban culture and the black community s limited access to resources The book focuses on African Americans but its lessons are relevant for other groups including Latinos Asians women and gays and lesbians Racial Justice in the Age of Obama maps out today s civil rights questions so that all groups can achieve equality at a time of unprecedented historical change **Life, Liberty, and the Pursuit of Happiness** ,2012 America the Virtuous Claes G. Ryn,2017-07-05 Urged on by a powerful ideological and political movement George W Bush committed the United States to a quest for empire American values and principles were

universal he asserted and should guide the transformation of the world Claes Ryn sees this drive for virtuous empire as the triumph of forces that in the last several decades acquired decisive influence in both the American parties the foreign policy establishment and the media Public intellectuals like William Bennett Charles Krauthammer William Kristol Michael Novak Richard Perle and Norman Podhoretz argued that the United States was an exceptional nation and should bring democracy freedom and capitalism to countries not yet enjoying them Ryn finds the ideology of American empire strongly reminiscent of the French Jacobinism of the eighteenth century He describes the drive for armed world hegemony as part of a larger ideological whole that both expresses and aggravates a crisis of democracy and more generally of American and Western civilization America the Virtuous sees the new Jacobinism as symptomatic of America shedding an older sense of the need for restraints on power Checks provided by the US Constitution have been greatly weakened with the erosion of traditional moral and other culture
