Life and Building in the Gospel of John Witness Lee, 2024-03-25 The Gospel of John occupies a special place in the Bible because it focuses on life Its writer the apostle John had a specific burden related to life and building and his ministry was fully focused on these two matters His Gospel reveals that God is manifested as the Word and becomes the Spirit to enter into us in order to be our life but this marvelous fact is not the goal it is a procedure to achieve an ultimate goal The Gospel of John says that the Word who is God became flesh and tabernacled among us Life is the procedure and the tabernacle is the goal God came to be our life so that He might tabernacle in us and among us that we might receive Him as life for the building up of the house of God Integral Psychedelic Therapy Jason A. Arguing that materiality is not a question of the materials themselves but rather the substance of material relations Bruno investigates the space of those relations examining how they appear on the surface of different media on film and video screens in gallery installations or on the skins of buildings and people The object of visual studies she contends goes well beyond the image and engages the surface as a place of contact between people and art objects As Bruno threads through these surface encounters she unveils the fabrics of the visual the textural qualities of works of art whether manifested on canvas wall or screen Illuminating the modern surface condition she notes how facades are becoming virtual screens and the art of projection is reinvented on gallery walls She traverses the light spaces of artists Robert Irwin James Turrell Tacita Dean and Anthony McCall touches on the textured surfaces of Isaac Julien's and Wong Kar wai's filmic screens and travels across the surface materiality in the architectural practices of Diller Scofidio Renfro and Herzog de Meuron to the art of Doris Salcedo and Rachel Whiteread where the surface tension of media becomes concrete In performing these critical operations on the surface she articulates it as a site in which different forms of mediation memory and transformation can take place Surveying object relations across art architecture fashion design film and new media Surface is a magisterial account of contemporary visual culture
