Where Angels Fear to Tread Edward Morgan Forster, 1993 Like his novel *A Room with a View* E M Forster's *Where Angels Fear to Tread* focuses on a group of English men and women living and traveling in Italy A young Englishman journeys to Tuscany to rescue his late brother's wife from what appears to be an unsuitable romance with an Italian of little fortune In the events surrounding that match and its fateful consequences Forster weaves an exciting and eventful tale that intriguingly contrasts English and Italian lives and sensibilities As in Forster novels among them *Howards End* and *A Passage to India* *Where Angels Fear to Tread* reveals the author's deep fascination with all of human experience sexual moral spiritual imaginative material Acutely observant of the ways of the English middle class he is as critical here of its snobbishness greed and cultural insensitivity as he is respectful of its decency and kindness common sense and goodwill This splendid novel reveals the great breadth of his gifts as both storyteller and humanist attributes that continue to make him one of the twentieth century's most admired novelists
