Un Si Petit Caillou:

Who he? Alfred Bester, 2025-04-24 Alfred Bester's *Who He* is an audacious exploration of identity and the nature of knowledge presented through a kaleidoscopic narrative that oscillates between reality and speculation. In this novel, Bester employs his characteristic blend of speculative fiction with vivid prose, utilizing nonlinear storytelling and innovative typography to challenge conventional views of time and self. Set against a backdrop of a futuristic society grappling with existential questions, the narrative pushes the boundaries of genre by incorporating elements of both science fiction and psychological thriller, inviting readers to question what it truly means to exist. Alfred Bester, a prominent figure in the golden age of science fiction, is renowned for his visionary storytelling and complex characterizations. His experiences in the realm of psychology, alongside his interest in the interwar avant-garde culture, deeply inform his writing style and thematic concerns. *Who He* arises from Bester's fascination with the fluid nature of identity, intensified by his own experiences in a rapidly evolving world, positioning him as a literary pioneer who anticipates contemporary debates about personal and collective selfhood. This compelling novel is highly recommended for readers interested in the intersection of technology, identity, and consciousness. Bester's innovative narrative techniques and profound insights make *Who He* a thought-provoking read that resonates with the complexities of contemporary life. It is a vital addition to any collection seeking to explore the depths of human experience.

African Fairy Tales (From Bamileke People) : English-French Rodrigue Tchamna, Once upon a time, it was said that myths, legends, and tales were the means used by Africans to convey messages. Tales, myths, and legends are the most appropriate means of education to edify children. In most African tales, animals are personified in order to avoid using human beings as live actors in the story. Long before tales were told by our bards and our poets, the so-called griots. They were usually older women. These tales used to be told at night around a wood fire while waiting for the meal to be ready. They seemed more interesting than modern televisions. Through *Resulam: Resurrection of minority languages*, the author presents here his childhood's tales. The tales are illustrated with high-quality, colorful images in order to make it easy for children to follow the stories. This version is the English and French translation of the original book that was published on May 20, 2015. That original book was written in the Bamileke language, a Bamileke language in Cameroon, Central Africa, then translated into French for French speakers and into English for English speakers.

L'objectif de ce livre est de présenter au monde entier la façon des africains d'observer le monde à travers les contes, mythes et légendes. Cette version anglaise française est une traduction directe du livre original écrit uniquement en langue bamileke du Cameroun, située en Afrique Centrale.
