Critical Adult Education in Food Movements Colin R. Anderson, Rosa Binimelis Adell, Michel P. Pimbert, Marta Rivera Ferre, 2022-11-21 This book focuses on research that shows the importance of critical adult education for the spread of food sovereignty and agroecology to more people and places. It pays particular attention to the important role that learning, education and pedagogy can play in social transformation for food sovereignty and justice, an approach referred to broadly as Learning for Transformation. It reveals common dynamics and principles that critical education for food sovereignty share in different contexts.
