LOST

Your whole young life you imagine you'll find your passion, and one day, grow up to love what you do for a living. You think you'll find a career that doesn't feel like a job. As a child you had various dreams but you haven't followed through with any of them because they felt too unrealistic... distant.

Because of your lack of confidence, coupled with comment from people who were already beaten down by society, you believed you couldn't follow those childhood dreams. You convinced yourself you didn't have a passion so in college, you settle on a business major because it sounded safe and respectable.

The Unusual Suspect Ben Machell, 2022-01-04 The remarkable true story of a modern day Robin Hood a British college student who started robbing banks as the financial crisis unfolded Completely fascinating The Unusual Suspect reads like a deep psychological thriller but it's real Is truth stranger than fiction You bet Lee Child 1 New York Times bestselling author Stephen Jackley was a young British college student when the global financial crisis began in 2007 Overwhelmed by the growing indifference toward economic equality he became obsessed with the idea of taking on the role of Robin Hood With no prior experience he resolved to become a bank robber He would steal from the rich and give to the poor Against all
