means to stand before God with all of one's humanity on display is to engage in not only the act of confession but to demonstrate a bold theological reflection that needs to be more explicitly understood. By turning to spiritual autobiographies as theological source texts we learn to place our emphasis where it matters most on the people whose lives of faith move us deeply and cause us to re-examine our own lives in light of their witness. Moving through a range of ancient, early modern, and contemporary spiritual writers in order to demonstrate a profound connection that unites them all, this book portrays how a critical self-examination of one's most personal internal fractures, our poverty as it were, is the only way to develop a life of faith, the dual meaning of the word confession which expresses both a revealing of one's sins or brokenness and the articulation of what one believes. *The London Quarterly Review*, 1878 *London Quarterly Review*, 1878 **Finding You** Carla Neggers, 2004-02-01 The New York Times bestselling author of Harbor Island delivers nonstop suspense and pulse-pounding romance in this thrilling mystery that proves once and for all that opposites not only attract, they sizzle. Jayne Ann Krentz, New York Times bestselling author, Vermont newspaper editor Cozie Hawthorne is astounded by the money she makes when her essay collection becomes a bestseller. But she has no plans to let the success go to her head. She's more than content to keep her rusted Jeep and live in an old house that seems to attract more bats than men. Daniel Foxworth, renegade son of the Texas oil family, specializes in putting out chemical fires. At least he did until someone sabotaged his helicopter and almost killed him. The prime suspect is Cozie's brother, and evidence is piling up as fast as the attraction is growing between Daniel and Cozie. When she finds out that the sexy Texan is out to prove her brother's guilt, Cozie is determined to find out who's really after Daniel. But as danger mounts, Daniel faces an even greater challenge: winning Cozie's trust before someone ends up dead. **Manet and the Family Romance** Nancy Locke, 2001 Édouard Manet's paintings have long been recognized for being visually compelling and uniquely recalcitrant. While critics have noted the presence of family members and intimates in paintings such as *Le Déjeuner sur l'herbe*, Nancy Locke takes an unprecedented look at the significance of the artist's family relationships for his art. Locke argues that a kind of mythology of the family, or Freudian family romance, frequently structures Manet's compositional decisions and choice of models. By looking at the representation of the family as a volatile mechanism for the development of sexuality and of repression, conflict, and desire, Locke brings powerful new interpretations to some of Manet's most complex works. Locke considers, for example, the impact of a father-son drama rooted in a closely guarded family secret: the adultery of Manet's father and the status of Léon Leenhoff. Her nuanced exploration of the implications of this story, that Manet in fact married his father's mistress, makes us look afresh at even well-known paintings such as *Olympia*. This book sheds new light on Manet's infamous interest in gypsies, street musicians, and itinerants, as Locke analyzes the activities of Manet's father as a civil judge. She also reexamines the close friendship between Manet and the Impressionist painter Berthe Morisot, who married Manet's brother. Morisot becomes the subject of a series of meditations on the elusiveness of the self, the transience of identity, and conflicting concerns with appearances and respectability. Manet and

the Family Romance offers an entirely new set of arguments about the cultural forces that shaped these alluring paintings
