Goldenberg, Eleanor Hunting, Mary Thomson, 1989 **Rachel Carson**, Highwood N P presents a profile of American biologist and author Rachel Louise Carson 1907-1964 as part of the GirlSite resource The resource also offers access to additional information [The Sea Around Us](#) Rachel Carson, 2022-08-16 In *The Sea Around Us* Rachel Carson masterfully weaves a tapestry of scientific exploration and lyrical prose that immerses readers in the wonders of marine life and the complexities of oceanography Set against the backdrop of the mid-20th century environmental discourse Carson employs a narrative style that balances meticulous research with vivid storytelling The book delves into the physical processes of the

sea the richness of oceanic ecosystems and the profound influence of the ocean on human existence all while reflecting the growing concerns about ecological preservation during a time of rapid industrialization Rachel Carson a pioneering marine biologist and environmentalist drew inspiration from her own profound connection to nature and her scientific upbringing Her earlier work including the acclaimed *Under the Sea Wind* laid the groundwork for her investigative reporting on the natural world Carlson s activism and keen observations about nature heavily influenced by her experiences as a woman in science shape the poignant urgency with which she addresses the ocean s fragility in this landmark book *The Sea Around Us* is a compelling invitation to explore not only the depths of the ocean but also the interconnectedness of all life forms It is an essential read for those seeking to grasp the intricate balance of marine ecosystems as well as the human impact on our planet Carson s eloquence and rigorous scholarship make this work a timeless classic resonating with today s environmental challenges

Rachel Carson Mary Ellen Snodgrass,2021-04-02 Rachel Carson was a marine biologist credited with the founding of the ecology movement and the rise in ecofeminism One of her most popular works was *Silent Spring* which challenged the use of DDT an insecticide infamous for its negative environmental effects and questioned the claims of modern industry Carson also wrote essays reviews articles and speeches to educate the public about the impacts of chemical pollutants on both the environment and the human body This literary companion provides readers with Carson s key messages via an A to Z index of topics discussed in her works including carcinogens endangered species and radioactivity

The World in Which We Occur Neil W. Browne,2007-10-31 Understanding our environment American philosopher John Dewey considered all human endeavors to be continuous with the natural world In his writings particularly *Art as Experience* 1934 Dewey insists on the primacy of the environment in aesthetic experience Dewey s conception of environment includes both the natural and the man made Neil Browne highlights this notion in order to define what he terms pragmatist ecology a practice rooted in the interface of the cultural and the natural which he finds to be a significant feature of some of the most important ecological writing of the last century To fully understand human involvement in the natural world Browne argues disciplinary boundaries must be opened up This is primarily important between the arts and science with profound implications for the practice of democracy The degradation of the physical environment and democratic decay for Browne are rooted in the same problem our persistent belief that humans are somehow separate from their physical environment Browne probes the work of a number of major American writers through the lens of Dewey s philosophy Among other texts he examines John Muir s *My First Summer in the Sierra* 1911 *Sea of Cortez* 1941 by John Steinbeck and Edward Ricketts Rachel Carson s three books about the sea *Under the Sea Wind* 1941 *The Sea Around Us* 1951 and *The Edge of the Sea* 1955 John Haines s *The Stars the Snow the Fire* 1989 Tarry Lopez s *Arctic Dreams* 1986 and Terry Tempest Williams s *Refuge* 1991 Together these texts with their combinations of scientific observation and personal meditation challenge the dichotomies to which we ve become accustomed and affirm the values of a pragmatist ecology one in which ecological and democratic

values go hand in hand **Nasty Women Posters** Cider Mill Press,2020-10-06 Inspire your inner powerhouse with empowering broadsides with quotes from history's most influential women With 30 inspirational posters at your disposal you can cover every inch of your home or dorm room in motivational statements from powerful women who helped change history Frame them hang them as is or leave them bound in the book as an eye catching coffee table reader the choice is yours These posters are perfect for hanging in dorm rooms living rooms hallways and anywhere else that needs a pick me up These broadsides are the perfect gift for anyone looking to be inspired by the women who changed history **Facing the Abyss** George Hutchinson,2018-01-23 Mythologized as the era of the good war and the Greatest Generation the 1940s are frequently understood as a more heroic uncomplicated time in American history Yet just below the surface a sense of dread alienation and the haunting specter of radical evil permeated American art and literature Writers returned home from World War II and gave form to their disorienting experiences of violence and cruelty They probed the darkness that the war opened up and confronted bigotry existential guilt ecological concerns and fear about the nature and survival of the human race In Facing the Abyss George Hutchinson offers readings of individual works and the larger intellectual and cultural scene to reveal the 1940s as a period of profound and influential accomplishment Facing the Abyss examines the relation of aesthetics to politics the idea of universalism and the connections among authors across racial ethnic and gender divisions Modernist and avant garde styles were absorbed into popular culture as writers and artists turned away from social realism to emphasize the process of artistic creation Hutchinson explores a range of important writers from Saul Bellow and Mary McCarthy to Richard Wright and James Baldwin African American and Jewish novelists critiqued racism and anti-Semitism women writers pushed back on the misogyny unleashed during the war and authors such as Gore Vidal and Tennessee Williams reflected a new openness in the depiction of homosexuality The decade also witnessed an awakening of American environmental and ecological consciousness Hutchinson argues that despite the individualized experiences depicted in these works a common belief in art's ability to communicate the universal in particulars united the most important works of literature and art during the 1940s Hutchinson's capacious view of American literary and cultural history masterfully weaves together a wide range of creative and intellectual expression into a sweeping new narrative of this pivotal decade

Methodological Challenges in Nature-Culture and Environmental History Research Jocelyn Thorpe,Stephanie Rutherford,L. Anders Sandberg,2016-11-10 This book examines the challenges and possibilities of conducting cultural environmental history research today Disciplinary commitments certainly influence the questions scholars ask and the ways they seek out answers but some methodological challenges go beyond the boundaries of any one discipline The book examines how to account for the fact that humans are not the only actors in history yet dominate archival records how to attend to the non visual senses when traditional sources offer only a two dimensional non sensory version of the past how to decolonize research in and beyond the archives and how effectively to use sources and means of communication made

available in the digital age This book will be a valuable resource for those interested in environmental history and politics sustainable development and historical geography The Literature and Politics of the Environment John Parham,2023 Essays exploring interrelated strands of material ecologies past and present British politics and the act of writing through a rich variety of case studies Much as the complexities of climate change and the Anthropocene have queried the limits and exclusions of literary representation so too have the challenges recently presented by climate activism and intersectional environmentalism animal rights and even the power of material forms such as oil plastic and heavy metals Social and protest movements have revived the question of whether there can be such a thing as an activist ecocriticism can such an approach only concern itself with consciousness or might it politicise literary criticism in a new way Attempting to respond this volume coalesces around three interrelated strands material ecologies past and present British politics and the act of writing itself Contributors consider the ways in which literary form has foregrounded the complexities of both matter in essays on water sugar and land and political economics from empire and nationalism to environmental justice movements and local and regional communities The volume asks how life writing nature writing creative nonfiction and autobiography although genres entrenched in capitalist political realities can also confront these by reinserting personal experience Can we bring a more sustainable planet into being by focusing on those literary forms which have the ability to imagine the conditions and systems needed to do so **Emplotting Virtue** Brian Treanor,2014-05-19 Despite its ancient roots virtue ethics has only recently been fully appreciated as a resource for environmental philosophy Other approaches dominated by utilitarian and duty based appeals for sacrifice and restraint have had little success in changing behavior even to the extent that ecological concerns have been embraced Our actions often do not align with our beliefs Fundamental to virtue ethics is an acknowledgment that neither good ethical rules nor good intentions are effective absent the character required to bring them to fulfillment Brian Treanor builds on recent work on virtue ethics in environmental philosophy finding an important grounding in the narrative theory of philosophers like Paul Ricoeur and Richard Kearney Character and ethical formation Treanor argues are intimately tied to our relationship with the narratives through which we view the human place in the natural world By reframing environmental questions in terms of individual social and environmental narratives about flourishing Emplotting Virtue offers a powerful vision of how we might remake our character so as to live more happily more sustainably and more virtuously in a diverse beautiful wondrous and fragile world Of Mice and Men Nandita Batra,Vartan P. Messier,2020-07-13 Of Mice and Men Animals in Human Culture is a book length collection of essays that examines human views of non human animals The essays are written by scholars from Australia East Asia Europe and the Americas who represent a wide range of disciplines in the Humanities and Social Sciences Addressing topics such as animal rights ecology anthropocentrism feminism animal domestication dietary restrictions and cultural imperialism the book considers local and global issues as well as ancient and contemporary discourses and it will appeal to readers with both general and specialized interests in the role played by
