woman killer who more than deserved his fate but that ignored evidence pointed to Dart's former mentor the brilliant forensic specialist Walter Zeller. Now another suicide victim turns up the body of a wife beater and the evidence clearly shows that the death was self-inflicted or does it? Zeller was the best at reading and understanding the forensics of a crime scene could he have manipulated it? Worse why has Zeller disappeared? It terrifies Dart to suspect that Zeller is in fact on some twisted vigilante crusade but Dart also knows that if he's right only he can stop it. Chain of Evidence is the intense heart-pounding story of student versus mentor in the playing field of forensic investigation. Ridley Pearson links computer technology, psychological intensity and complex questions of police and human ethics to create this breathlessly paced unputdownable thriller.

These white-hot fires burn so cleanly that even the ash disintegrates leaving not a trace of its victims or any evidence of criminal activity. Only when Boldt is taunted by someone sending him pieces of melted green plastic houses from a Monopoly board does he realize that an arsonist is involving him in a deadly game.

Middle of Nowhere Ridley Pearson, 2001-08-01 Known for his meticulous fascinating research as well as his ability to create exciting plot twists that inevitably a month or two later seem to have anticipated real-life headlines, Ridley Pearson has generated praise as a master of the suspense novel. In Middle of Nowhere the Blu Flu has struck the Seattle Police force and a majority of the officers are on an unofficial strike with the exception of a few including Detective Lou Boldt who is committed to the job. When a string of robberies and the brutal assault of a female cop rock the city the pressure of isolation threatens Boldt's psyche and his marriage. With the help of psychologist Daphne Matthews and Sergeant John LaMoia Boldt is able to make progress on both the assault and the robberies but things soon spin out of control and Boldt's refusal to drop the case puts his own life at risk. Filled with the fast-paced spiraling action that has made Pearson's previous novels irresistible, Los Angeles Times Book Review works of suspense that grip the imagination. People magazine this offering from the best thriller writer alive. Booklist is certain to keep the reader breathless.
