The Second Commandment Joey R. Peyton,2024-02-07 In an increasingly broken world filled with hate and violence God s plan from the beginning was to save and restore the world to the glory for which he had created it This simple plan has not changed with the evolution of sin time or man s rejection of his creator Rather God s simple twofold plan of redemption included both a commandment to love the creator with all one s heart mind soul and strength and a commandment to love one s neighbor as one s self Neither commandment stands in isolation for one cannot fully love others without a consuming love for God and neither can one

completely love God without a love for the neighbor created by God The answer to hate is love the answer to war is love the answer to violence is love and the answer to all of societal disfunction is love The answer is not a commandment to like God and others because one only likes others because of likeness Rather love is a choice A choice to love what you don t like A choice to love what you don t understand A choice to love until the God you love sets everything right in eternity *The Changeover Zone* Jim Ozier,Jim Griffith,2016-04-19 How clergy and congregations can navigate the tricky transition from one pastor to the next The Changeover Zone addresses a critical and perennial need in the church the process of handing the baton of pastoral leadership from one person to the next Authors Jim Ozier and Jim Griffith offer practical clear instructions and guidance for both clergy and congregations They provide detailed sections especially for clergy who are taking over from a founding pastor and for those replacing long tenured pastors The book is packed with real church examples helpful tips and tactics that have been proven successful This resource will expertly guide pastors supervisors and congregations in nearly any church setting or denomination I just love this quote from the book How fast you run will keep you in the race how well you hand off will win it Over the next 10 years we will see one of the largest pastoral leadership transitions in our history How well we handle this hand off to the next generation may well determine our future The Changeover Zone is timely helpful and insightful as we approach these transitions in leadership Every personnel committee pastor judicatory leader district superintendent and bishop should read this book before approaching any major leadership changes Bob Farr Director of Congregational Excellence MO Conference UMC author The Necessary Nine The Changeover Zone provides a roadmap for how to make healthy pastoral transitions especially in churches making their first transition or first transition in a long time This book will help you learn how to not only survive a church pastoral transition but how to thrive and gain momentum through the transition We have utilized this roadmap in East Ohio and it works I recommend this book to anyone involved with pastoral transitions at any level Kelly P Brown Director of Congregational Vitality East Ohio Conference UMC A great resource for pastors and churches who are going through transitions I love how the change in a church pastor is seen not as an event but as more of a process and from various key perspectives This will be a valuable tool for my coaching with pastors and churches who are entering a season of transition Ken Willard leadership coach certified church consultant and author Time Management for the Christian Leader When our church learned that both long tenured pastors were leaving at the same we knew we needed expert help Jim Ozier led our leaders in a workshop based on The Changeover Zone to prepare us for this scary change In this book the authors use sound biblical footing to show you what to do and how to do it as you go through a pastoral change Cheryl Lee SPPR Chairman Ebenezer United Methodist Church Suffolk VA The action plan for the 100 days before and after a change of pastors the Changeover Zone is brimming with time tested wisdom Pastors churches and supervisors will be prepared to not only minimize the pain and confusion that comes with pastoral transitions but actually maximize the potential for growth and new life in congregations Ken Irby Shreveport District Superintendent

Louisiana Annual Conference UMC This book is filled with insight and excellent counsel I have been using the authors advice on making a great handoff for several years You will nod your head as you read and say Of Course Keep nodding It will make a difference in raising up stronger leaders and building reproducible systems And that s what we all want Cathy Townley Townley Coaching FINALLY A simple straightforward way to think about an essential part of ministry transitions Transitions can make or break a ministry and too often they happen without the purposeful thought that can make them successful Whether your context is a new start pastor moving on or a long tenured pastor receiving a new appointment this book will be your comprehensive guide in the process of ending well and starting strong Rev Nicole Reilley Director of New Ministries Cal Pac Conference **American Book Publishing Record** ,2004 **Military Chaplains' Review** ,1980
