## **Undp Report Latin America:**

Comparative Assessment of Social Issues in Africa, Latin America, and the Caribbean George K. Danns, Brenda I. Gill, 2023-07-10 Using a comparative framework this edited volume evaluates pressing social issues facing African Latin American and Caribbean countries Unique in its comparative and multi regional perspective this book provides a scholastic and practical understanding on questions ranging from governance and security to poverty inequality and population health

Challenges to Democracy in Latin America and the Caribbean Mitchell A. Seligson, 2008      **The Puzzle of Latin American Economic Development** Patrice Franko, 2018-09-07 Thoroughly revised and updated this foundational text provides the basic economic tools for students to understand the problems facing the countries of Latin America In the fourth edition Patrice Franko analyzes challenges to the neoliberal model of development and highlights recent macroeconomic changes in the region Including charts and tables with the most current data available the book also offers a wealth of new boxed discussions and vignettes

Contemporary Latin America Francisco Panizza, 2009-10-15 Latin America has changed dramatically over the past few years While the 1990s were dominated by the politically orthodoxy of the Washington Consensus and the political uniformity of centre right governments the first decade of the new century is being characterised by the emergence of a plurality of economic and political alternatives In an overview of the history of the region over the past twenty five years this book traces the intellectual and political origins of the Washington Consensus assesses its impact on democracy and economic development and discusses whether the emergence of a variety of left wing governments in the region represents a clear break with the politics and policies of the Washington Consensus Clearly written and rigorously argued the book will be of interest to academics students of Latin American politics and anybody interested in understanding contemporary Latin America

Human Development Report 1993 United Nations Development Programme, 1993 Since its headline making debut the Human Development Report has become an essential resource for development specialists economists and political scientists around the world While previous Human Development Reports focused on investment in people the 1993 Report not only updates the findings of the earlier volumes but shifts the focus towards the other side of human development mobilizing and utilizing human potential The Report surveys the instruments for enhancing and encouraging participatory patterns of development including privatization and participatory market structures vertical and horizontal decentralization of government functions devolution of government powers enterprise decentralization involvement of NGOs and other grass roots organizations and empowerment of people It probes the vital connections between employment and development and offers a global framework for employment that takes into account the growing pressure for international migration In addition it examines links between human development and international markets for ucts capital and labor and presents updated human development indicators for more than 160 countries

**Politics Latin America** Gavin O'Toole, 2014-05-12 This is a volume which will become invaluable to those attempting to guide the neophyte

through the maze of politics in Latin America Journal of Latin American Studies Politics Latin America examines the role of Latin America in the world and its importance to the study of politics with particular emphasis on the institutions and processes that exist to guarantee democracy and the forces that threaten to compromise it Now in its second edition and fully revised to reflect recent developments in the region Politics Latin America provides students and teachers with an accessible overview of the region's unique political and economic landscape covering every aspect of governance in its 21 countries The book examines the international relations of Latin American states as they seek to carve out a role in an increasingly globalised world and will be an ideal introduction for undergraduate courses in Latin American politics and comparative politics

**A Moment of Equality for Latin America?** Barbara Fritz, Lena Lavinas, 2016-03-09 Unlike other regions around the world several Latin American countries have managed to reduce income inequality over the last decade Higher growth rates and growing employment but also innovative wage policies and social programs have contributed to reducing poverty and narrow income disparities Yet despite this progress nation states in the region demonstrate little capacity to substantially change their patterns of deeply rooted inequalities Focusing on the limits and challenges of redistributive policies in Latin America this volume synthesizes and updates the discussion of inequality in the region introducing the perspective of global and transnational interdependencies The book explores the extent to which redistributive policies have been interlinked with the provision and quality of public goods as well as with structural changes of the productive sector Inspired by structuralist and neostructuralist thinking of Latin American economists such as Raúl Prebisch and Celso Furtado authors question the redistributive impact of the interplay of recent macroeconomic fiscal and social policies particularly under left and center left administrations committed to greater equality Bringing together experts in social fiscal and macroeconomic policies to investigate the interdependent and global character of inequalities this book will appeal to scholars of sociology economics development and politics with interests in Latin America inequality and public policy

**Introduction to Latin America** Peadar Kirby, 2003-05-27 Introduction to Latin America provides a completely new introduction to the political social and economic forces shaping this essential region of undergraduate study today It is the first textbook to place Latin America within a genuinely global context and introduce the debates and impact of globalization neoliberalism democratization and the environment

**Imperialism, Neoliberalism And Social Struggles in Latin America** Richard Alan Dello Buono, José Bell Lara, 2007 This collection focuses on the social consequences of neoliberal crises in Latin America It includes a critical yet sympathetic analysis of ruling leftist governments in the region and discusses the larger constraints facing organized attempts to politically transform the Americas

*How's Life in Latin America? Measuring Well-being for Policy Making* OECD, 2021-10-28 Many Latin American countries have experienced improvements in income over recent decades with several of them now classified as high income or upper middle income in terms of conventional metrics But has this change been mirrored in improvements across the different areas of people's lives

How s Life in Latin America Measuring Well being for Policy Making addresses this question by presenting comparative evidence for Latin America and the Caribbean LAC with a focus on 11 LAC countries Argentina Brazil Chile Colombia Costa Rica the Dominican Republic Ecuador Mexico Paraguay Peru and Uruguay Human Development Report 2005 United Nations Development Programme,2005 The Human Development Report 2005 examines the scale of the challenge facing the world at the start of the ten year countdown to the 2015 Millennium Development Goals mark The Report focuses on three pillars of cooperation each of which is in urgent need of renovation The first pillar is international aid the Millennium Development Goals MDGs project has been compromised by chronic and sustained under financing allied to problems in aid quality The second pillar is international trade Under the right conditions trade can act as a powerful catalyst for human development The development round of World Trade Organization talks launched in 2001 provided northern governments with an opportunity to create those conditions The third pillar is that of security violent conflict is a source of systematic human rights violation and a barrier to progress towards the MDGs that must be overcome Gender, agrifood value chains and climate-resilient agriculture in Small Island Developing States Percy, R., Christensen, I., Safa Barraza, A., Berthelin, L.,2022-05-19 In the current context of climate change focusing on gender equality in the Small Island Developing States SIDS can drive improvements in resilience food security and nutrition This document seeks to enrich the knowledge and evidence base on gender food systems and resilience in the SIDS of the Caribbean the Pacific and the Atlantic Indian Ocean and South China Sea AIS region providing evidence from Barbados Cabo Verde Comoros the Palau Saint Lucia Samoa and Sao Tome and Principe It focuses specifically on gender related roles gender gaps and traditional knowledge in agriculture and natural resource management to better support women s participation in value chains and the benefits they receive from value chain development It calls for radical transformations to build resilient livelihoods overcome gender inequalities and help rural women and men reduce their exposure and vulnerability to climate change and natural disasters Furthermore the transformations called for which focus on gender equity will increase the resilience of rural livelihoods to unforeseen events such as the COVID 19 pandemic particularly in view of the critical role women play in ensuring food security and nutrition

*Latin American Economic Outlook 2021 Working Together for a Better Recovery* OECD,Economic Commission for Latin America and the Caribbean,CAF Development Bank of Latin America,European Commission,2021-12-02 The Latin American Economic Outlook 2021 Working Together for a Better Recovery aims to analyse and provide policy recommendations for a strong inclusive and environmentally sustainable recovery in the region The report explores policy actions to improve social protection mechanisms and increase social inclusion foster regional integration and strengthen industrial strategies and rethink the social contract to restore trust and empower citizens at all stages of the policy making process **OECD Journal on Development, Volume 9 Issue 2 Measuring Human Rights and Democratic Governance: Experiences and Lessons from Metagora** OECD,2008-09-08 On the occasion of the 60 anniversary of the Universal Declaration of

Human Rights this special issue of the OECD Journal on Development focuses on robust methods and tools for assessing human rights democracy and governance      The United Nations world water development report 2019 WWAP,2019-03-19

Access to water and sanitation is internationally recognized human right Yet more than two billion people lack even the most basic of services The latest United Nations World Water Development Report Leaving No One Behind explores the symptoms of exclusion and investigates ways to overcome inequalities      **Re-mapping the Americas** W. Andy Knight, Julián Castro-Rea,2016-04-01 Since the end of the Second World War the map of the Americas has changed dramatically Not only were many former European colonies turned into sovereign states there was also an ongoing process of region making recognizable throughout the hemisphere and obvious through the establishment of several regional agreements The emergence of political and economic regional integration blocs is a very timely topic analyzed by scholars in many disciplines worldwide This book looks at remapping the recent trends in region making throughout the Americas in a way that hasn't been at the center of academic analyses so far While examining these regionalisation tendencies with a historical background in mind the authors also answer fundamental questions such as What influences does globalization have on region making both on normative regionalism plans as well as on actual economic political cultural military and social regionalization processes driven by state and non state actors What ideas or interests lead states in the Americas to cooperate or compete with one another and how is this power distributed How do these regional agreements affect trade relations and have there been trade barriers set up to protect national economies What agreements exist or have existed and how did they change with regard to contents and for what reason The book informs academic as well as non academic audiences about regional developments in the Americas in particular those dating back to the last twenty years Beyond the primary purpose of summarizing the hemisphere's recent trends the book also brings clarification in a detailed but easy to understand way about timely issues regarding the institutionalisation or lack thereof of the plethora of regional and sub regional bodies that have emerged in this hemisphere over the past couple of decades      **Latin America and the Caribbean Economic Review, April 2025** William Maloney, Marcela Meléndez, Raúl Morales,2025-04-28 The Latin America and Caribbean region faces a very different outlook from what was foreseen six months ago Despite continued progress on reducing inflation LAC continues to grow more slowly than any other region of the world and increasing its dynamism and job creation potential faces new and daunting challenges First higher and more persistent inflation than anticipated in the advanced countries has slowed global interest rate declines which constrains regional monetary authorities ability to loosen monetary policy Second higher interest payments on debt consume an increasing share of government revenue impeding progress on reducing deficits and creating fiscal space for necessary public investment Third rising tariffs have driven up uncertainty around the nature of the global trade order threaten market access for exports and call into question the nearshoring project Fourth increased return migration will in some cases stress local labor markets and dampen remittances Fifth organized crime and

the violence that accompanies it continues to expand reducing the quality of life of citizens dampening economic growth and undermining the integrity of public institutions Progress on the fiscal front as well as continued productivity related reforms to make the region more able to negotiate a changing environment are needed
