Unexpected Journey Arranged:

The Man Who Organized Nature Gunnar Broberg, 2025-05-20 A vivid portrait of the life and work of Carl Linnaeus Carl Linnaeus 1707 1778 known as the father of modern biological taxonomy formalized and popularized the system of binomial nomenclature used to classify plants and animals Linnaeus himself classified thousands of species the simple and immediately recognizable abbreviation L is used to mark classifications originally made by Linnaeus This biography by the leading authority on Linnaeus offers a vivid portrait of Linnaeus s life and work Drawing on a wide range of previously unpublished sources including diaries and personal correspondence as well as new research it presents revealing and original accounts of his family life the political context in which he pursued his work and his eccentric views on sexuality The Man Who Organized Nature describes Linnaeus s childhood in a landscape of striking natural beauty and how this influenced his later work Linnaeus s Lutheran pastor father knowledgeable about plants and an enthusiastic gardener helped foster an early interest in botany The book examines the political connections that helped Linnaeus secure patronage for his work and untangles his ideas about sexuality These were not as often assumed an attempt to naturalize gender categories but more likely reflected the laissez faire attitudes of the era Linnaeus like many other brilliant scientists could be moody and egotistical the book describes his human failings as well as his medical and scientific achievements Written in an engaging and accessible style The Man Who Organized Nature provides new and fascinating insights into the life of one of history s most consequential and enigmatic scientists

Lessing James Sime, 1879 Welcome to Elysian Fields Diana Wyn Jones, 2004-10 Her mission was to recover the Mysteries the Secret Knowledge of All Time In order to do this Sara Springtree had to step out of this present realm of time itself and into dimensions unexplored Sidestepping time opened the door to the Theater of All Possibility and a new history was told at the same hour that a new world was being born An explosion of immense proportion was about to happen and nothing could stop it History will tell us that Truth stands as testimony unto itself and we will all live to see the power behind that punch as these days unfold For the story is out now and everything is soon to change in this world we all live in Pandora s Box is Open

God Is My Copilot Kenneth L. Atkins, 2022-08-08 Briefly the book is the story of adventure from the Texas Plains city of Amarillo with a dream to fly for the Air Force It led to action with the Strategic Air Command during the Cold War and eventually to NASA s planetary exploration program opening the solar system s mysteries beyond the Moon Highlights include a love story the joys and risks of flying closing the Cold War missile gap why the United States did not fly a spacecraft to Halley s Comet in 1986 and leading NASA s project Stardust to capture and return to Earth dust particles from comet Wild 2 plus actual star dust from an interstellar flow across the solar system The adventure was imbedded in a journey of faith s role and consistency with discoveries about the Cosmos
