Understanding Global Crises An Emerging Paradigm:

Understanding Global Crises Assaf Razin, 2014-12-12 A historical and theoretical investigation of the common storylines of recent financial crises

Israel and the World Economy Assaf Razin, 2024-10-29 A rigorous analysis of the role played by globalization in key episodes in the development of the Israeli economy from hyperinflation crisis to high tech surge Anti globalization sentiments are rising especially in Europe and the United States with the increasingly integrated global economy blamed for domestic economic distress In this book Assaf Razin argues that Israel offers a counterexample to this view showing decisively positive economic effects of globalized finance trade and immigration He offers a rigorous analysis of the role played by globalization in key episodes in the remarkable development of the Israeli economy His findings may hold lessons for productivity challenged advanced economies as well as for other countries such as China currently making the transition to fully developed economies Razin examines the wave of immigration after the collapse of the Soviet Union as highly skilled Soviet Jews migrated to Israel and the effect on income inequality the Great Moderation of inflation and employment in advanced economies as Israel's inflation converged in parallel with low world inflation rates Israel's robustness in the face of the deflation shocks of the 2008 financial crisis and technology transmission through foreign direct investment reinforcing Israel's high tech sector surge He also considers such ongoing challenges as high fertility and low labor market participation and the economic costs of the Israeli Palestinian conflict

Unwinding Of The Globalist

Dream, The: Eu, Russia And China Steven Rosefielde, Masaaki Kuboniwa, Satoshi Mizobata, Kumiko Haba, 2017-11-14 This collection of essays documents and investigates the conflicts in Europe Russia and China that sparked populist revolts against the established globalist order in the European Union It shows that the populist surge was not an anomaly It was a reflection of the internal contradictions of globalism that sparked nationalist resentment inside the EU and backlashes against Western soft power aspirations in Russia and China The idealist rhetoric of the globalist dream was persuasive It lulled many into believing that the movement should not and could not be stopped until the 2008 global financial crisis started the dream to unwind The essays in this volume show that globalism is not dead but will have to reinvent itself to revive

Expectations Arie Arnon, Warren Young, Karine van der Beek, 2020-03-20 This book provides a unique historical perspective on expectations in economic theory and applications of expectations models in economic history Based on papers presented at the 2017 Thomas Guggenheim Conference it brings together the work of economists historians of economics and economic historians on issues and events concerning expectations in economics and economic history The contributions address i the history of expectations models ii growth expectations and political economy iii controversies regarding expectations methods and models iv expectations in theory and reality and v expectations in economic history The book opens with a lecture by Thomas Guggenheim Prize winner Duncan Foley on the evolution of expectations in modern economic thought The remaining content is divided into two parts the first of which focuses on the utilization of expectations

in the ancient and meso periods of high theory i e from Smithian to Keynesian approaches The papers cover topics such as modern applications of expectations in both Tobinesque Phillips and Harrodian Solowian contexts and the debate between Friedmanite and Keynesian approaches to expectation formation In turn the last part presents essays on the role of economic expectations in connection with historical events and contexts ranging from the early 20th century to World War II and on the application of expectations theory to hyperinflation and stabilization taking Israel as a case study

Finance in America Kevin R. Brine, Mary Poovey, 2017-11-14 The economic crisis of 2008 led to an unprecedented focus on the world of high finance and revealed it to be far more arcane and influential than most people could ever have imagined Any hope of avoiding future crises it s clear rest on understanding finance itself To understand finance however we have to learn its history and this book fills that need Kevin R Brine an industry veteran and Mary Poovey an acclaimed historian show that finance as we know it today emerged gradually in the late nineteenth century and only coalesced after World War II becoming ever more complicated and ever more central to the American economy The authors explain the models regulations and institutions at the heart of modern finance and uncover the complex and sometimes surprising origins of its critical features such as corporate accounting standards the Federal Reserve System risk management practices and American Keynesian and New Classic monetary economics This book sees finance through its highs and lows from pre Depression to post Recession exploring the myriad ways in which the practices of finance and the realities of the economy influenced one another through the years A masterwork of collaboration Finance in America lays bare the theories and practices that constitute finance opening up the discussion of its role and risks to a broad range of scholars and citizens

The European Monetary Union After the Crisis Nazaré da Costa Cabral, 2020-06-09 This book provides a much needed detailed analysis of the evolution of Europe over the last decade as well as a discussion about the path of reform that has been trodden in the aftermath of the financial crisis It offers a multidisciplinary view of the E M U and captures the main factors that induced the reform of the monetary union a process that has not been linear and is far from being concluded The author examines the policy responses designed throughout the development of the crisis and assesses the scale of the crisis in Europe in comparison to other parts of the world as well as its prolonged effects both in economic and financial terms An update on the current state of the art in the conception of risk sharing mechanisms is provided With its innovative approach the book analyses the financing issues which need to be taken into consideration in the design of these instruments and highlights the main categories of governmental risk sharing mechanisms in particular the ones to be used as fiscal capacity This is a timely and topical book and will be of interest to a broad audience including experts scholars and students of European affairs particularly those with economic financial legal and political science backgrounds

World Tourism Cities Alastair M. Morrison, Cristina Maxim, 2021-11-07
 World Tourism Cities: A Systematic Approach to Urban Tourism is a unique and contemporary textbook that addresses the particular situation of urban tourism destinations in the 2020s by reviewing key issues, trends, challenges and future opportunities for urban tourism destinations worldwide as well as city destination management. The book is divided into four parts with Part I providing background chapters on world tourism cities. It begins by clearly defining world tourism cities and explaining the impacts of globalisation and urbanisation on these cities. The subsequent chapter explains the urban tourism phenomenon and traces its growth. Part II presents city destination management, planning and development and the marketing and branding of cities offering practical solutions and approaches. Part III discusses major issues and trends in world tourism cities including resident well-being and quality of life, sustainability, smart tourism, crises and the rise of tourism in Asian cities and the final part identifies the future opportunities for city tourism. Written in a student-friendly tone, the book is richly illustrated and contains several engaging features including Sweet Tweets snippets of information on cities and Short Breaks detailed case studies on cities. This will be essential reading for all tourism students.

Peace as Nonviolence Egon Spiegel, George Mutalemwa, Cheng Liu, Lester R. Kurtz, 2024-10-15
 This book advances the peace discourse as defined in UN guidelines while also working towards the implementation of the science of peace in various educational contexts in Africa, particularly at universities. The contributions gathered here are intended to highlight the role of university peace studies programs, particularly their relevance for peace education, peace research and peace work. The book is dedicated to students and teachers of Peace Studies and Development Studies at universities as well as civil society experts. They bear a great responsibility with regard to shaping the Culture of Peace called for by the UN based on the foundation of peace education and peace work and in the context of an adequate peace policy. The book seeks to strengthen African pillars of lasting peace through Peace Studies. Analyzing the latest topics in Africa of universal importance, it offers a valuable reference guide for researchers and professionals grappling with the realities of nonviolence and other essential topics in Peace Studies.

Culture and Rights Jane K. Cowan, Marie-Bénédicte Dembour, Richard A. Wilson, 2001-11-29
 Do people everywhere have the same or even compatible ideas about multiculturalism, indigenous rights or women's rights? The authors of this book move beyond the traditional terms of the universalism versus cultural relativism debate. Through detailed case studies from around the world—Hawaii, France, Thailand, Botswana, Greece, Nepal and Canada—they explore the concrete effects of rights talk and rights
