Aspects of Romantic Love Dr. George Vareekal, 2022-03-28 Aspects of Romantic Love Perceptions on Love and Marriage is a modest attempt to express my perceptions of romantic love and related themes To love and to be loved are exciting aspects of a person's emotional life The pivotal theme of the book is love romance marriage and those alliances which hamper a harmonious conjugal and family life Romantic love is a fascinating passion and an ecstatic experience The very word romance captures our imagination and fills our hearts with exciting feelings The book is not a scientific treatise on love It only encapsulates romantic love with all its appealing themes My effort is to describe the splendid experience called love exclusively through my impressions The book is a product of the year 2020 marred by the Covid 19 pandemic and the terrible human exodus during the lockdown of 2020 The unexpected global and national scenario gave ample time and opportunity for reading writing and reflection Writing on a subject like romantic love helped overcome the lethargy and the feeling of devastation during the lockdown It has been an exciting creative activity and a marvellous sensation of diversion

Art and Responsibility Jules Simon, 2011-03-24 Two German philosophers working during the Weimar Republic in Germany between the two World Wars produced seminal texts that continue to resonate almost a hundred years later Franz Rosenzweig a Jewish philosopher and Martin Heidegger a philosopher who at one time was studying to become a Catholic priest each in their own particular way include in their writings powerful philosophies of art that if approached phenomenologically and ethically provide keys to understanding their radically divergent trajectories both biographically and for their philosophical heritage Simon provides a close reading of some of their essential texts *The Star of Redemption* for Rosenzweig and *Being and Time* and *The Origin of*

the Work of Art for Heidegger in order to draw attention to how their philosophies of art can be understood to provide significant ethical directives

Piety and Responsibility John N. Sheveland, 2016-04-22 This book analyzes the writings of Karl Rahner Karl Barth and Vedanta Desika to disclose how each construes piety and responsibility as integral to each other Each theologian expresses a fundamental unity of love of God and love of neighbour Sheveland explores this unity in ecumenical and interreligious frameworks showing how these authors privilege theology as practice enactment or simply as ethical He uses the Renaissance genre of musical polyphony as a methodological tool by which to explore the aesthetic quality and the similarity in difference of the theological voices being compared Polyphony's application to comparative theology includes the avoidance of caricature domestication and antagonism In place of these is offered a fundamentally aesthetic paradigm by which to hear theological voices in terms of their unity in distinction

Understanding Love Timo Purjo, 2025-10-02 This book is a true voyage of exploration across the sea of love approaching the theme through a logotherapeutic and philosophical perspective The author PhD Timo Purjo examines love as the highest value a fundamental spiritual capacity and the deepest meaning of human existence It leads the reader from foundational philosophical principles to concrete life situations in which love is expressed as an attitude a responsibility a decision and a calling It draws upon Viktor Frankl's anthropological understanding of the human person placing emphasis on the role of the will to meaning self transcendence and responsibility in realizing authentic love The author reflects on love not just as a feeling but as a value that gives direction and purpose to human life Through philosophical analysis drawing on the insights of M Scheler K Jaspers E Fromm and other important thinkers Purjo connects the logotherapeutic understanding of meaning with fundamental questions about the nature of love the challenges it faces and its potential for growth Building upon Frankl's concept of WILL TO MEANING as the cornerstone of logotherapy Purjo expands the framework by guiding the reader toward a conscious and empowered WILL TO LOVE The practical dimension of love is also explored as love in interpersonal relationships in professional settings love directed toward imperfection love in suffering and loss and love for non human beings and nature The book includes personal stories that testify to love as a genuine and vital force in life What makes this book truly unique is that the author does not write from the position of someone who knows what love is but rather as someone who searches learns and shares with the reader what he has discovered along the way More than a theoretical exploration this book is an invitation to pause reflect and re examine the ways in which love shapes our decisions our relationships and our sense of purpose It encourages the reader to engage in the courageous act of loving not as a fleeting emotion but as an enduring orientation toward the good the true and the meaningful Through this lens love becomes not only a personal experience but an existential commitment a spiritual path and a shared human journey Understanding Love is a deeply personal yet universal book philosophical yet warm academically grounded yet accessible to anyone seeking a deeper understanding of love in their own life
