This book brings Arts Education sharply into focus as a meaningful learning experience for children of pre-school and primary age (3-11 years). It reinforces the potential for the wide range of physical, mental and emotional development through learning opportunities that engagement in arts practice facilitates. Provides insight into how teachers can support children to consider contemporary challenges that face their generation. Includes expert voices from the world of education to demonstrate an expansive and perhaps surprising view of where and how the Arts can be found.
