Essays that Worked for College Applications Boykin Curry, Brian Kasbar, 2003-07-29 Essays that Worked for College Applications offers advice on writing a successful college admissions essay and presents fifty examples.

Essays that Worked for Medical Schools Ballantine, 2007-12-18 Discover why admissions officers from the nation's top medical schools selected these essays of worthy applicants. With only a limited number of spaces available every year to the thousands of qualified applicants to the nation's top medical schools, a serious candidate must find a way to set himself or herself apart from the crowd. The essay is your one chance to highlight the personal qualities and achievements that the application and MCAT scores do not reveal. As *Essays That Worked for Medical Schools* demonstrates, there is no such thing as the perfect submission. The winning essays cover a wide range of interesting topics. If there is any similarity, it is that they are written from the heart. One applicant writes about his work as a counselor for mentally ill adults and teens. Another tells about the life-changing experience of delivering much needed supplies to a leprosy village in West Africa. And a third applicant talks about time spent volunteering at a local senior center. From the thousands submitted each year, the essays in this book were considered some of the best by admissions officers at the nation's top medical schools. With creativity and effort, you can turn almost any topic into an effective, successful essay for your medical school application. **The College**

Buzz Book Carolyn C. Wise, Stephanie Hauser, 2007-03-26 Many guides claim to offer an insider view of top undergraduate programs but no publisher understands insider information like Vault and none of these guides provides the rich detail that Vault's new guide does. Vault publishes the entire surveys of current students and alumni at more than 300 top undergraduate institutions. Each 2 to 3 page entry is composed almost entirely of insider comments from students and alumni. Through these narratives, Vault provides applicants with detailed, balanced perspectives. Counseling 21st Century Students for Optimal College and Career Readiness Corine Fitzpatrick, Kathleen Costantini, 2012-03-27 In order for students to compete in today's global economy, our schools need to help them develop better cognitive and technological skills. School counselors have an enormous impact on students' achievement and their success in their post-secondary education, yet initiatives to improve student outcomes often overlook them. Fitzpatrick and Costantini present their own action-based curriculum for high school counselors that will meet the needs of 21st-century students, helping to foster their growth and ambition and actively engage them in learning what they need to succeed beyond high school. Important steps covered in this curriculum include: Making the transition to ninth grade successful; Using technology in the advising process, such as online resources for college and career research, assessing interests, and structuring advising sessions; Preparing for standardized testing and using it to motivate students about the

college application process Assisting students in researching careers and colleges making the most of college visits applying for college and writing the application essay Equally important the book focuses on the counselor and his or her role as an advocate and leader for students and details running a guidance office working with parents and writing Secondary School Reports While applicable for all school counselors and students the authors curriculum has a special focus on students in urban public schools to enable them to have the same experiences as their counterparts in suburban and private schools Accompanying downloadable resources contain the tables exercises and charts from the book so they can be easily accessed and reproduced
