About the Original Book

Why do some organizations thrive for so long while others rise and fall by the wayside

Simon Sinek believes it's because they find a just cause or vision worth pursuing

Organizations that pursue financial gain at the expense of employees and consumers initially make huge profits but ultimately end up bankrupt

Sinek uses numerous examples to build his case for the need for organizations to hire infinite minded leaders

These leaders understand that it's possible to win the battle and lose the war

Therefore every decision made must be about playing the infinite game
