FIDIC Contracts in Asia Pacific Donald Charrett, 2021-11-29 FIDIC contracts are the most widely used contracts for international construction around the world and are used in many different jurisdictions both common law and civil law For any construction project the General Conditions of Contract published by FIDIC need to be supplemented by Particular Conditions that specify the specific requirements of that project subject to the relevant laws FIDIC Contracts in Asia Pacific provides readers with detailed guidance and resources for the preparation of the Particular Conditions that will comply with the requirements of the applicable laws for a number of the jurisdictions in which FIDIC contracts are used The laws that apply to the governing law of the contract construction works and dispute resolution in each jurisdiction are identified This book offers chapters on the FIDIC Conditions of Contract for Underground Works and the perspective of a bilateral aid agency on the use of FIDIC contracts Each jurisdiction features an outline of its construction industry and information on the impact of Covid 19 on both the execution of construction projects and the operation of construction contracts This book is essential reading for construction professionals lawyers and students of construction law using FIDIC contracts *Nepal Portfolio Performance Review*, 2011 With reference to four development partners in Nepal *Public Procurement Reform and Governance in Africa* S.N. Nyeck, 2016-06-29 This book presents an interdisciplinary exploration of the governance of public procurement reform in Africa Through a bottom up approach to case studies and comparative analyses scholars practitioners and social activists write about the organizational mechanisms and implementation gaps in public procurement governance in light of the general premises of national reform Reforming the ways in which government purchases works goods and services from the private sector is one of the most sweeping policy reform undertaken in Africa in the past decade Despite the transnational scope of policy change very little is known about the mechanisms of public procurement governance at the subnational level The argument in this volume is that policy reforms that mitigate contractual hazards along the three dimensional law politics business matrix are more likely to bring about meaningful institutional transformation and broader social accountability Key to substantive transformation of public procurement is the revitalization and professionalization of the public sector to meet the opportunities and challenges of development by contract
