

FADER CLEANING

The RM THREE faders may need lubrication from time to time. This will extend the fader life and eliminate any potential damage due to extended heavy usage.

Cleaning Instructions

1. Remove the fader to be cleaned by unscrewing the outer screws (removing the 2 inner screws will detach the fader from the fader plate) and disconnecting the cable coming from the mixer.
2. Spray a small amount of cleaner or lubricant into both ends of the fader and slide the fader back and forth a few times to spread the fluid evenly throughout the fader.
3. Shake and wipe off excess fluid before re-assembling the fader.

FADER REPLACEMENT

To replace the cross or channel faders, follow step 1 of the cleaning instructions. Replacement parts are available from Stanton or your local Stanton dealer.
